Sarsaparilla. Your life, or that of some one near and dear to you, may depend on the use of this well-approved remedy in preference to any other preparation of similar name. It is compounded of Honduras sarsaparilla (the variety most rich in curative properties), stillingia, mandrake, yellow dock, and the iodides. The process of manufacture is original, skilful, scrupulously clean, and such as to secure the very best medicinal qualities of each ingredient. This medicine is not boiled nor heated, and is, therefore, not a decoction; but it is a compound extract, obtained by a method exclusively our own, of the best and most powerful alteratives, tonics, and diuretics

has been the standard blood-purifier of the world-no other approaching it in popular confidence or universal demand. Its formula is approved by the leading physicians and druggists. Being pure and highly concentrated, it is the most economical of any of Sarsaparilla should insist upon having this preparation and see that each bottle
