To Those Interested in Fruit Growing.

T is often said that the New Brunswick is a short time. Why can't we grow a good keeper like the American Baldwin. We have that apple in the Wealthy which is just as bardy and productive as the New Brunswick, the apple being as good if not better than the Baldwin. Wealthy apples are for sale and on exhibition at G. W. Slipp's, where those who want a good apple or are interested in fruit growing are cerdialy invited to call and see the best apple ever introduced to this part of the country.

Dr. Hoskins of Vermont, authority on fruit grewing says, that fruit growing is profitable six hundred miles further north than was suppposed to be possible before the Wealthy was originated.

Yours Truly,

F. SHARP.

most any kind of a system silly. What Am I to Do?

The symptoms of Biliousness are unhappily but too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events.

The digestive system is wholly out of order and Diarrhees or Constipation may be a symptom or the two may alternate. There are often Hemorrheids or even loss of blood. There may be giddiness and often headsche and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try Green's August Flower, it costs but a trifle and thousands attest its efficacy.

The causes of summer complaint, diarrhea, dysentery, cholera morbus, etc., are the excessive heat, eating green fruit, over-exertion, impure water and sudden chill Dr Fowler's wild Strawberry is an infallible and prompt cure for all bowel complaints from whatever cause
