## Hartland Items.

Owing to bad roads, business has been quite slow for some time, but is now gradually improving.

J. T. G. Carr has lately received four or five loads of merchandize, which leads us to believe that business will be good during the summer months. W. F. Thornton has recently received new goods, and is doing a good business. Miss Jennie McMullin and Miss Laura Watson are busily engaged in filling millinery orders. Sewing machinery is also coming in. Mr. Joseph Thornton having just received some two car loads.

The few warm days last week were very acceptable and did good work in drying up the mud and putting our streets into a respectable condition. Warm rain is much needed, and would gladden the hearts of the farmers and river drivers. The water in the streams is quite low, but the contractors have been hiring men and pushing them forward to the head waters and lakes, so as to be ready to begin driving as soon as the water permits.

The Lodge of I. O. G. T. meets in Matheson's hall, Tuesday night of each week; it has a membership of seventy, and is doing a good and noble work.

We have also a Court of Foresters that meets in Matheson's hall on the evenings of the second and fourth Mondays in each month; it was organized in July 1890, has a membership of seventy-five, and is the largest court in the Province; in other respects, it is second to none in the Dominion.

James Carr left last Tuesday for Boston, Mass., to enter upon a good situation; success to him. Major Gordon E. Boyer intends going to the Military College, Ontario, to take a short course, to perfect himself still more in his profession. The Major is a thorough soldier, and is bound to keep at the head of his rank.

Rev. G. W. McDonald has been holding special services here, and much good has been accomplished. There will be regular services of the Methodist Church in Matheson's hall, Sunday evening, May 10th. Rev. Mr. Bleakney will occupy the pulpit of the F. C. B. Church Sabbath morning at 10:30.

We do not claim to be a correspondent, nor yet capable of making our wants or thoughts plain, or presentable on paper, still we thought the few gleanings above might not come amiss.

Miss Lillian Stutard, has been stopping at the Mills Hotel lately. Among the arrivals of this week are, Mr. Allan Perley, Andover, Mr. and Mrs. D. L. Pitt, Woodstock, and Mr. Shaw of Quebec.

Mr. Carl and family of Somerville, have moved into Mr. William Rideout's house. We welcome them to our town.

Rev. A. H. Hayward preached in the Baptist Church Sunday.

Mr. A. P. Kinney, held his show here last week, and was well patronized.

Arbor day will be observed here on the 8th of May:

Oh arbor day, we welcome thee  
As once more thou dost appear;  
It fills our hearts with joy and glee,  
To know that thou art here

We will plant beautiful trees and flowers  
Which in other days will bloom,  
And relieve this land of ours  
Of its dismal desert's gloom.

Flowers, which will cast their fragrance sweet,  
To every breeze that blows,  
And make this land of ours meet  
For a paradise below.

The lecture delivered here on Friday evening, April 24th, by Rev. W. E. Johnson, B. A., was both entertaining and instructive, and was highly appreciated by those who heard it. Subject of lecture—"A Trip Around the World." The best attention was given, while the esteemed lecturer related his various youthful adventures and pictured out, so well, the wonderful scenes he beheld in his travels. He was in a humorous mood, so that the lecture was by no means dry, but well seasoned with spicy remarks. With deep interest we listened to him for about an hour, and with the same interest could have listened twice as long. After the lecture we all, with joyous anticipations, wended our way to the parsonage, where quite a number of baskets furnished with a bountiful supply, and guarded

with great care, were ready and waiting to be disposed of. The necessary officials were appointed, and very soon they were all sold at quite a high figure. The proceeds of the evening, which are in aid of funds for the church, amounted to about \$27. The ladies of Upper Kent, Kilburn and Bath, deserve much credit for the interest they displayed and the pains they took in preparing for the social. The baskets were adorned without, and within were amply filled with choice delicacies. The good things were dealt out by the ladies in a manner gratifying to all. The hungry were well served and satisfied, and longing hearts were made happy, and we believe, all who were present are prepared to say that we spent an enjoyable evening, and that abundant success attended our united efforts.

The farmers are taking advantage of the dry, cool weather to prepare the ground for seeding.

We regret to say that Miss Ella Ives is very ill. Dr. Morse is in attendance.

Mr. Henry Peters and family have moved to Newburg recently, having purchased a farm in that flourishing settlement.

PERSONAL.—Robert E. Hemphill left for Washington Territory, Monday night. Norris McDonald, formerly of this place, Mrs. Wm. Gray and Miss Annie Rogers left for Duluth, Minn., last week. Miss Rogers is a young school teacher who was always esteemed and respected by her scholars wherever her services were engaged. She has always been a great social favorite in this community, and her place will only with difficulty be refilled.

Mrs. Margaret McAvity and her son John leave this day for Minneapolis, where the other members of the family are domiciled. And so the exodus goes on, and the deserted farms are a sad commentary on the empty phrase "Canada for the Canadians."

Prof. J. T. Tuthill lectures at Andover on Saturday 9th, on "Reminiscences of Platonic Affections." We understand that the Band of the 67th Batt. will be present, and that the noted lecturer will have a full house as the subject will be one of absorbing interest.

The egg market is very much depressed. The natural market over the "pond" does not appear to offer the inducements that it did previous to the late election, and the Grand Falls Hotel has gone back on its record of last winter. Drowning political dead bats always catch at the straw. It is an impossibility for Canada to exist for any length of time without the markets of the U. S. The inhabitants will cross the line never to return, and in every case become Americanized. We have to meet an issue that threatens to depopulate the country, an issue that the political tricksters at Ottawa cannot afford to bluff much longer, as the people will arise in their wrath and sweep them away as obstructionists in the nation's progress.

About a year ago a movement was made towards forming a Young Men's Christian Association here. Realizing the fact that it is easier in many cases to start an organization of this kind than to maintain it after starting, the promoters of the work formed a "preliminary organization" to see what support the movement would receive from the people. This met with more favor than was anticipated. Gospel meetings have been held every Sunday afternoon with a good attendance. During the winter a lecture course was instituted which was well patronized and proved a great success. A few weeks ago the State Secretary made us a visit and advised the forming of a regular Y. M. C. A. under the international constitution, thus becoming a part of the great organization which has spread over the whole universe. This advice was readily complied with, and there is a prospect of a very flourishing branch of the Y. M. C. A. in this place. The following officers were elected for the ensuing year: F. L. Cook, president; James Archibald, vice president; Chas. H. Fogg, secretary and treasurer; Benj. J. Slipp, assistant secretary. Executive Committee—Prof. A. M. Thomas, Charles D. Merritt, R. W. Shaw, Frank Carson; Geo. W. Bull, president and secretary ex-officio. Rooms have been leased in the Times Block where reading and recreation rooms will be fitted up during the summer. The large hall in connection will be used for Gospel meetings.

The grand secretary reported that he had received during the year \$2,234 20, and paid it over to the grand treasurer. There has been 95 members initiated, and 82 raised; 24 had joined; 6 had been reinstated. The withdrawals were 52; suspended 43; excluded 1; died 27. The total membership is 1880, a decrease of five as compared with the previous year.

MONTREAL, May 2.—The around the world trip of the Canadian Pacific Railway is at length an accomplished fact, some passengers having arrived here to night. The Empress of India arrived at Vancouver Wednesday and the passengers left the same day for the east. The trip across the continent was the fastest ever made. April 18th the party sailed from Japan. Two weeks from that date they were in Montreal. It is Mr. Van Horne's intention to have the steamer arrive at Vancouver so that passengers will reach New York on Saturday morning to catch the out going Cunard steamer and land in Liverpool 21 days after leaving Japan. This will revolutionize travel on the eastern route as it has always taken about 35 days to make the trip by way of San Francisco. The train consisted of seven cars, four of which were sleepers. The greater number of the passengers are Americans, the English members having stopped at different points in the west to look around. Forty stayed on the coast and this number will come by a second special to arrive on Tuesday from Montreal. They will be given the choice of the route home and a large number are booked for New York steamers.
