Wilmot S. S. Convention.
The seventh annual meeting of the Wil-
mot Parish S. S. Convention, was held in
the Baptist Church Centreville, on Tuesday,
July 14, 1891.

The first session opened at 2:45 p. m.
The president occupied the chair and Mr.
L. Sherwood presided at the organ. After
praise service of half an hour led by Rev.
Mr. Shaw, the convention entered upon the
business of the session. The officers for the
 ensuing year were elected as follows: J. S.
Cartell, president; H. T. London, vice-presi-
dent; L. J. Sherwood, secretary; who, with
the addition of Mr. Colin King and Mr.
Henry Simmons, composed the executive com-
mittee. The session was largely taken up by
reports of delegates and superintendents from
different parts of the county, and addresses by
James H. Watts, Rev. Geo. H. Watts, and others.
We glean from the several reports that there
are eleven schools in the parish, all doing
good work. Most of them sent delegates to
the convention.

Owing to the heavy rain storm that came
up about the hour for the evening session to
begin the meeting was not so largely attend-
ed as it otherwise would have been.
The meeting opened at 7:45 by singing
from Gospel Hymns, Dr. Baker presiding at
the organ. The scripture was read by Rev.
Benj. Howard, and prayer offered by Rev.
Geo. Howard, followed by Deacon Geo. Car-
roll. The president resigned his seat for the
evening in favor of the vice-president, on ac-
count of a sudden ill attack, which he re-
covered from before the meeting closed. The
chairman after making a few remarks took
up the programme for the evening. Able
and instructive addresses were delivered by
Rev. Geo. Howard, James Watts, Rev. Mr.
Fisk and Rev. Samuel Howard. Music was
furnished by the choir between each address.
Only for the severe rain storm, accompanied
by thunder and lightning, the meeting would
have been a most pleasant and enjoyable
one. Meeting adjourned to meet again at
the call of the executive. Rev. Benj. How-
ard pronounced the benediction. No col-
lection taken.

L. J. SHERWOOD, Secretary.

Perrin S. S. Convention.
The seventh meeting of the Perrin Parish
Sunday School Association was held in the
Baptist Church, Forest Glen, on Wednesday
the 10th inst. The president, Amos Smith,
was in the chair; the number present was
very encouraging. The first half hour was
devoted to devotionary exercises. The sec-
ondary then read the minutes of last session
which were accepted; another hymn was
sung after which the president addressed the
meeting. He hoped that all had come here
with the interest of Sunday Schools at heart;
he also gave his experience in S. Schools
since he was a boy; he thought the young
people appreciated the work that was being
done for them now more than when he was
a boy.

The secretary then gave a verbal report.
He said the past year he thought had been
one of steady progress; he had been much
encouraged in the work by the other mem-
bers of the executive, and he had been en-
abled to organize and re-organize S. Schools in
the county, one of them, in the parish, and
before he organized seven in the county.
The financial statement for 1891 shows:
Balance on hand at last Convention, \$2 95
Collection at Convention, 1.06
Paid postage and stationery, \$4 10
Balance in hand, \$3 93

The report was adopted; another hymn was
sung, after which Mr. Kilburn, vice-presi-
dent, addressed the meeting. He thought
in favor of the president, secretary and other
members of the executive who had carried
on the work of the association so nobly dur-
ing the past year. The meeting then pro-
ceeded to the election of officers for the en-
suing year: Amos Smith was re-elected
president; Miss Ida Kilburn, vice-presi-
dent; Robert Watson, re-elected secretary; and
the other members chosen to complete the
executive were Messrs. Anderson, Low,
Bloodworth and Mr. Curry.

Mr. Estabrooks was then called upon to
address the meeting. He was very thankful
to be present, he did not have much expe-
rience in convention work, and thought he
would have heard others speak before he had
been called upon, but he believed in the
work that was being done by this parish as-
sociation; he believed in exchange of ideas
and suggested having conventions on a
smaller scale for the study of the weekly
lesson.

Mrs. D. Curry then followed with a very
fine speech in which she said she was glad
her lot was cast in a school for much expe-
rience in convention work, and thought he
would have heard others speak before he had
been called upon, but he believed in the
work that was being done by this parish as-

BISHOP KINGDOM AT BIRCH RIDGE.
Through the efforts of Rev. J. R. Hopkins,
pastor of St. Bartholomew's Church at
Birch Ridge, there were on the 19th inst.,
thirty-five persons confirmed to the Epis-
copal faith. Bishop King, assisted by Rev.
Messrs. Neales and Hopkins officiating.
The services of the day were very largely
attended although the weather was not
propitious. The Bishop in his address, his
address of the morning remarked, that he had
travelled eight hundred miles to attend this
meeting and to prove that the welfare of
this special church and people was of par-
ticular interest to him. He also spoke of
the wonderful increase in church mem-
bership on the Potomac during the past five
years, and knew it would continue to go on
under the able efforts of the present pastor.
The evening services were conducted by
Messrs. Neales and Hopkins. Mr.
Neales (of Temperance Hall), preached a
most eloquent and impressive sermon.

Continued wet weather, which is bad for
hay.

Through the agency of J. Lee, Esq., a
great deal of new road has been completed
and much needed repairs made which adds
much to the comfort of travellers. And
it is not least, a substantial addition to the
bridge spanning S. Branch of the Mira-
michi river, which heretofore was a danger-
ous place indeed.

Mrs. Medsons of Blaine, with her daughter,
have returned home after visiting her
parents and friends at Biggar ridge.
Quite a number from here attended the
tea meeting at Highlands, on the 16th inst.
We congratulate the committee on the finan-
cial success which attended the business of
the day.

As I write the clouds begin to roll away
and the sun shines forth once more; perhaps
after all the grumbling we may have a spell
of fine weather.

July 21st, 1891.
Large quantities of strawberries are now
being shipped to the Boston market.

The band is progressing finely under the
instruction of Professor Gibbs of Andover.
The Edmundton hotel is being repaired
which, when completed, will add much to
the attractive appearance.

The young people are preparing a concert
to be given, at an early date, in aid of the
new church.

Rev. Mr. Armstrong, Episcopal, preached
his farewell sermon to his congregation here
Sunday evening. He leaves with his family
this week for Queens County.

It is proposed to build the new church
has been secured and work on the building
will be commenced in a few days. It is pro-
posed to have the church ready for service
this fall.

There is quite a building boom going on
at present. Among the most noticeable of
the new buildings being erected is Mrs. Bab-
ington's hotel, which is expected to be com-
pleted by the last of September.

June 22, 1891.
Emma's daughter of Mr. William Porter,
of this parish, died on Monday of consump-
tion, aged 18, and was buried this afternoon.
The services were conducted at the Methodist
church by Rev. Mr. Young.

Buttontown.—Mr. Wayman Wright has the
lumber on the ground for the erection of a
house on his lot next Dr. Welling.

The new Church of Christ, it is said, will
be commenced at once and the foundation at
least—completed this season. The Presby-
terians are at present worshipping in the Tem-
perance Hall. Mr. David McLeod will cur-
rently begin the erection of a house on his lot
on the Hoyt lot.

RAILWAY WORKS.—The new Round House
of the Tobique Valley Railway is completed
and is to be dedicated on Thursday night by
a basket social and dance for the benefit of
the sidewalk fund.

PERSONAL.—Our young townsman, Mr.
J. Harvey Murphy, who recently graduated
at M. D. at Bowdoin College, Me., with hon-
ors, has located at Fort Fairfield for the pro-
fession of his profession. He has the hearty wishes
of all his friends here (which includes the
whole community) for his success.

WEATHER.—Despite St. Switlin, who
really seemed to be prepared to carry out the
ten hundred forty days' programme, the
weather has lately been quite settled and
good weather seems in prospect. Last
night was frosty in some places.
