and that in one of the most fertile districts of Carleton County, Mr. Gillmor eays there was an indignation meeting at Hartland against the Woodstock bridge. (I mean the new bridge about to be built there); this statement is untrue. There was no objection to Woodstock's new bridge whatever. The meeting did object almost unanimously to the unnecessary waste of the public money in building the bridge across the head of Bull's Island, nearly eight hundred feet longer than necessary, to enhance the value of these three or four boodlers on King street.

His purpose is evidently not to champion the claims of Beechwood, but to stir up rivalries between Hartland and Beechwood. Then we have a nice spectacle in this whole business. First, Copperhead with contempt makes a mean attack upon Hartland, then an equally contemp ible effusion seeking to ridicule an influential delegation sent from this vicinity to advocate our claims to a bridge, and lastly the production of a man the awiftness of

the production of a man the swiftness of whose change of politics is only equalled by his who with blatant lawho with blatant lamentation bemoans the hardness of the lot of the poor, but who for a quarter of a century has lived in idleness, preying with mericless rapacity upon the people among whom he has luved—this is the man, a fitting instrument to lend respectability to the government and its followers, and to its doings in this County. His insane hatred of our representative Dr. Atkinson, who for the past six years he has sought to vilify and traduce, is taken hold of by these wire pullers, to be used to serve their own ends, and is a further evidence of the extremity to which the elique are drawn to compast their purpose. Dr. Atkinson needs no defence from me; he is a man honorable in all his dealings; he will do his gluty for his people he is sent to represent at all times, and not act under orders for a few boodlers. His straightforward letter in answer to Justice places his position with reference to our bridge in the clearest light, and his record as a man, as a physician and as a representative, is such as to do honor to the office our people have given him.

August Flower"

There is a gentle-man at Malden-onnamed Captain A. G. Pareis, who has written us a letter in which it is evident that he has made up his mind concerning some things, and this is what he says:

"I have used your preparation called August Flower in my family for seven or eight years. It is constantly in my house, and we consider

it the best remedy for Indigestion, and Constipation we Indigestion. have ever used or known. My wife is troubled with Dyspepsia, and at times suffers very much after eating. The August Flower, however, re-lieves the difficulty. My wife fre-quently says to me when I am going to town, 'We are out Constipation of August Flower, and I think you had better get another bottle.' I am also

troubled with Indigestion, and when-

ever I am, I take one or two teaspoonfuls before eating, for a day or

two, and all trouble is removed,"
