JANET'S REPLY.-In a town not far from Glasgow resided Mrs. Janet Mc-Kirdy, who had been ailing for some time, and at lougth her troubles reaching an acute stage, the doctor was called in. The doctor, having examined her, said that he feared he could do little good in the circumstances, and that he had better send the minister. Accordingly the minister made his appearance, and after speaking of the serious nature of her illness began to administer spiritual consolation. > What Am I to Do P The symptoms of Biliousness are unhappily but too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events. The digestive system is wholly out of order and Diarrhoes or Constipation may be a symptom or the two may alternate. There are often Hemor-rhoids or even loss of blood. There may be gid diness and often headache and acidity or flatu lence and tenderness in the pit of the stomach.
