

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as

DEAR SIRS,-I think I have been one Dear Sirs,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a properful battery. My re-

in two hours. I felt as if I had received a shock from a powerful battery. My receivery after this was steady and the cure permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case that I have myself passed through, than what I have myself passed through, and no words can express my thankfulness for such perfect recovery. C. C. HAUN, Welland P.O.

In this connection the following letter from T. Cumines, Esq., a leading druggist of Welland, Ont., speaks for itself: Messrs. T. Milburn & Co., Toronto. GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years teld me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although crite well he still takes some B. B. B. quite well he still takes some B. B.

occasionally, as he says, to keep him in perfect health. Yours truly,

Masked 'hugging parties' are coming in vogue again in some localities and are a drawing card at the church picnics. By paying fifteen cents a man is allowed to hug a girl, but he is first blindfolded. It is pleasant for the rest of the company to see how mad a married man gets when on removing the bandage from his eyes he finds he has been hugging his own wife and fifteen cents gone for nothing, except as revenue to the church.

This 'compound conundrum' business is spreading. There is an hotel man in New Hampshire named Gale. The other day one of the guests sprang the follow ing question on the company: 'Why is Mr. Gale blind?' And the answer is as follows: 'A gale is a wind; a wind is a zephyr; zephyr is yarn; yarn is a tale; a tail is an attachment; an attachment is an affection; affection is love; and

All the diseases of these parts, head, nose, hroat, bronchial tubes and lungs, can be deightfully and entirely cured by the use of throat, bronchial tubes and lungs, can be delightfully and entirely cured by the use of Boschee's German Syrup. The aroma of the tobacco leaf is so completely conserved in the manufacture of "Myrtle Navy," that age has no effect in diminishing it; even after the plug has been kept for years it gives out its full flavor under the combustion in the pipe, mellowed in tone by its age and making the most exquisite smoke which tobacco can be made to give. Age, too, hardens the structure of the plug and gives to the tobacco, when cut, that almost granular appearance in which all connoisseurs delight.
