"That the charges preferred against Sir Adolphe Caron, Postmaster General, by Mr. Edgar, member for West Ontario, be referred to a special committee of five members of the House of Commons, to enquire as to such charges and to examine witnesses on oath and send for papers and records '

After several speeches by members on both sidee, Sir John Taompson complained that those who had just epoken had meandered considerably from the point at issue. He said that the minister of customs (Chapleau) was perfectly right in stating that on the 4 h of May it was decided by the house that a commission should be appointed to invest refirming her or giving information of her wherethe one in which the people of St. John are igate these charges, so that another debate abouts. The suimal came from Bath, whither works, a Furnace and S. ft Water Cisterr, in one on that matter now was wholly out of place was well considered. He was glad to see against the honor or integrity of the gentlemen appointed to that commission. He would not raise any point of order agains: the amendment as the cry would be raised Carden of Carde the amendment as the cry would be raised Gardens of that the issue was being evaded. He would. however, point out that this whole matter was . 105.4 finally disposed of by the house on the 4 h of . matter should be referred to a commission What the house now had to do was to appoin that commission not to discuse the whole question again as to how the charges were to BEAUTIFUL PERENNIAL PHLOX HOLLY-The officers of the Atlantic division are as be investigated. The question was whether Geraniums, best sorts, it was not the most convenient way to take Carnations, the evidence by a royal commission instead | Verbines. of a committee of the house. It was said Petpniss single. that the procedure which was being adopted in this case was unprecedented. We might reply to those hen, gentlemen who raised such a question that they are unable to show one single case in which an investigation was ordered. Precedents had been quoted from the history of the times when men eat in parlisment and held their seats by the price they paid for them, that this matter should not be CTATEMENT of Expenses of Newton Ramsa; dealt with by a commission, but by the Colter, in the Election for the Commens house, but in an age when parliament was Canada, held April 6th, 1892: denuding itself of such matters, relegating Paid Carleton Septinel f r 2000 Declaraapy weight The book was full of preceto his attention as a precedent, and which was comewhat similar to the one before the 500 Dodgers, meeting, house, which happened in 1809. Distinct Advertising Agents Statement charges were then mide against a British | Paid Rent of Town Hall, 2 nights. minieter for money corrupily expended in carrying on an election, but the house declined to listen to it, and would not even allow the member the privilege of withdraw ing the motion. He did not attach much importance to precedents on questions of proedure. It was sufficient for him to know that the final dealing and judgment in the case lay with the house. The most expe ditions way of dealing with these charges was by referring them to a commission and

the statute gave them authority to do so There was no single precedent to show that parliament could not relegate this duty to commission, although many were cited that parliament had usually relegated these matters to a committee. The Rykert case was one totally different from the present one. and so was the case of last session against Hon. Thomas McGreevy and Sir Hector Langevin. What was desired by the original charges in this case was to re try election cases which were already tried in the courte. The charges in both the other cases referred to were very much different. As to the statement of the leader of the opposition, that if the committee were biased at all from the political complexion of the majority that government, be (Sir Johr) would say that was the very best reason for not selecting it or the purpose of taking the evidence. (Hear, hear.) As to the statement made by Mr. Fraser, that the commission might sit with slosed doors, no one eyer heard of such
