What Am I to Do? The symptoms of Biliousness are unhappily but too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but nove for solids of a morning. His tongue will hardly have inspection at any time, if it is not white bear inspection at any time; if it is not white and furred, it is rough, at all events.

The digestive system is wholly out of order and Diarrhose or Constipation may be a symptom or the two may alternate. There are often Hemorrhoids or even loss of blood. There may be giddiness and often headsche and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try Green's August Flower, it costs but a trifle and thousands attest its efficacy.

But to sak her to marry him he was afraid,
Because of catarrh, which she had very bad;
So much so that often the youth was quite glad
To omit, at the parting, the kiss of the lover.
The reason of this she set out to discover.
"Catarrh makes me loathsome. It's fatal to love
O, darling Adolphus, by all that's above,
I vow I'll not lose thee if something there is
To drive out catarrh and to sweeten a kiss."
So this wise young woman began searching So this wise young woman began searching for a cure, and good luck attended her Sne tound Dr. Sage's Catarrh Remedy, at the daug store, and felt convinced that a preparation which the proprietors had such confidence in that they were willing to offer to pay \$500 for a case they cannot cure, must be worth trying. She bought it. She tried it. It cured her And when Adolphus kissed her at the altar last week, her kiss was as sweet and pure as roses in June.

Preferential Trade. Preferential trade properly consists in giving the preference to Burdock Blood Bitters when seeking for a cure for constipation, dyspepsia, headache, biliousness, jaundice, scrofula, poisonous humors, bad blood, rheumatism or kidney complaints. It is the true cure, and has cured pages which had resisted all other treatment.

I took him twice during that time to the Eye

I have never doubted that it saved his sight, even if not his very life. You may use this testimonial in any way you choose.
