Manifesto of the Florenceville Quarterly Session.
To the Editors of the Carleton Sentinel:

We, the undersigned members of the quarterly official board of the Florenceville circuit, do hereby most solemnly assert that the statements of U. W. White, in respect to our pastor, Rev. S. J. Howard, and published in the St. John Globe in the issues of Feb. 10th and March 21st, respectively, are false in every particular. We further state that the said G. W. White was expelled from the Methodist church, in perfect accord with our discipline, for malicious falsehood, gross slander, persistent violation of our rules, and other most unchristian conduct. As the representatives of the various churches on the Florenceville circuit, we also declare our high appreciation of the work done by Mr. Howard on this circuit during his charge, now drawing to a close. Finally, we take this opportunity of publicly expressing our hearty approval of the Christian forbearance shown by Mr. Howard towards the said G. W. White, whose conduct since his expulsion from the church has been of the most reprehensible character.

The great reason for the success of Hood's Sarsaparilla is found in its positive merit. It cures where other preparations fail.

Hon. G. S. Turner is still in Victoria Hospital, but his condition is considerably improved.

The ice in the New Brunswick river on Friday last, taking with it about half a mile of spruce lumber belonging to Mr. Gibson.

All collapsed—the Woodstock bridge, the local opinion memorial, and the Tory party in the Garden County.

J. E. Sutton, Woodstock, and M. Welch, Carleton Place, were the Barker yesterday.

A cold snap set in on Monday continuing several days, making things look quite like Fall.

The people of Fredericton contributed the sum of \$420 towards the building fund of the Halifax school for the blind.

Boat races are again on the hustler. Subscription papers will soon be as thick as the cranks themselves.

The athletic club of the U. N. B. has organized a club. The University match will be formally opened on Saturday evening. McCulloch is Governor General's Forester, Premier, and Baxter, leader of the opposition. The session will be conducted on strict Dominion lines.

Capt. Duncan and his engineer went down to Swan Creek on Thursday last to prepare the Steamer Florenceville for the season's work. She will probably be running to Woodstock by the last of next week.

Mr. Kincaid has been engaged to build the Kingston creamery and has commenced work. It is expected to be in operation by June.

The collapse of the passenger bridge at Woodstock was not much of a surprise to those who have seen it in the wretched condition in which it has been for some time past. It is a wonder that it stood so long as one of the piers looked ready to topple over at any moment.

Sir Leonard and Lady Tilly have opened a subscription list with \$1,000 each for the purpose of converting the old penitentiary building in St. John into a reformatory, a much needed institution, as it is considered that prison life is detrimental in every respect to juvenile offenders. The public should respond liberally.

The "Maple" crop this year has been small, the weather not being suitable for the industry.

Mr. Woods of Hingham passed through the city on Monday with four fine colts which he purchased at Newburg Junction, Carleton Co. The railway co. wanted \$14 as freight, so he decided it would be cheaper to load them and he got them through in two days, although the roads were very bad.

The Fredericton express is one of the handsomest in the province.

"German Syrup"
For Coughs & Colds.

John F. Jones, Edmon, Tex., writes: I have used German Syrup for the past six years, for Sore Throat, Cough, Colds, Pains in the Chest and Lungs, and let me say to anyone wanting such a medicine—German Syrup is the best.

B. W. Baldwin, Carnesville, Tenn., writes: I have used your German Syrup in my family, and find it the best medicine I ever tried for coughs and colds. I recommend it to everyone for these troubles.

R. Schmalhausen, Druggist, of Charleston, Ill., writes: After trying scores of prescriptions and preparations I had on my files and shelves, without relief for a very severe cold, which had settled on my lungs, I tried your German Syrup. It gave me immediate relief and a permanent cure.

seems to be seen any where in Eastern Canada both exterior and interior. The cars have just come from the machine shops at McAdam. They are painted in imitation of mahogany the letters and numbering of the wheels being in a dark green plush and presents a magnificent appearance. The engine, too, is very artistically decorated, the designers having been employed by the H. C. P. The train will be the addition of travelling men and it is indeed a credit to the H. C. P. and to the city.

Complaints are made that the rates charged by the insurance co. are exorbitant. Under the excellent system of water in use in this city it is not to be supposed for any very serious conflagration to occur. The board of trade in session last week discussed the matter and also the advisability of advertising this city as a summer resort. The advantage to be derived from the judicious distribution of printed matter cannot be too highly estimated and would be the means of drawing many a tourist to the Queen City of the Maritime province.

The music that emanates from the I. S. O. barracks excites the admiration of all. Strangers especially are struck with the appearance of the military when having their "march out" and one and all declare the band to be a credit to the city.

The following is from the April number of Butler's Journal: Bill Nye writes a great quantity of excellent humor and yet after all John is in Whittier. The health of the Baptist people is a source of keen satisfaction when we consider that they all have the dip-theory. The chief civic ruler of a system town recently received with \$10,000 of the municipal funds. Money made the mayor go that time. There lived at one time in St. John an old gentleman who had the very reprehensible habit of gossiping rather freely about his neighbors. One day he was making some very caustic remarks about some one whose name he had just asked "Say Mr. B. of whom are you speaking?" "Well," replied the old gentleman, "I'll tell the truth, I don't care to mention any names but his initials are Tom Kennedy!"

The funeral of the late Wm. A. Quinn, who suffered death with a broken heart last week's SATURDAY, took place on Thursday last and was one of the largest ever seen in this city. The Odd-fellows, of which deceased was a member, had charge of the funeral, a delegation from Canton La Tour, St. John, attending in full uniform, as did the members of other lodges in this city. The barbers' society also attended in a body, the procession being headed by the I. S. O. Band. The body was taken to St. John's Church where service was conducted by Rev. Mr. Alexander. The remains were interred in Brunswick St. Cemetery, Rev. Dr. Roberts officiating at the grave.

An early opening of navigation is expected. The ice made a start here on Saturday last piling up considerably against the piers, but the main body only moved a distance of a few rods. It has quite a solid appearance yet despite the high water which remains stationary.

The recent session of the local legislature was not productive of very many important measures. Perhaps the most noticeable was the bill authorizing the exaction of direct taxes from certain corporations and companies for the purpose of replenishing the treasury of the Province. The opposition made several attempts to "blow the whistle" on the bill, but their vote at the final hand dwindled down to seven giving the Government a larger majority than ever. Dr. Stockton's memorial was the subject of the session, and excitement ran high for a time, but the result has shown that responsible government is still maintained in the Province. The house was in session about five weeks, the average length of time.

Good Enough! A Glorious Victory! Well do we exclaim! "True to the Cause!" Repudiated! Such were some of the many enthusiastic expressions that fell from the lips of hundreds of honest Liberals in this city as they learned the glad news. Wednesday evening last that the noble County of Carleton had remained steadfast in her belief and practically crushed the life out of Toryism. The county declared for the Union, the boundaries of that constituency. Shortly after six o'clock, people began to congregate about the telegraph office, eagerly awaiting the result of the election. The first few returns gave a majority for Major Vioce and the faces of the Tories began to beam with pleasure and delight, but that joy was soon converted into a look of ill concealed dismay. As further returns came in making positive the triumph of the Liberal cause, they were not the cheering shout of a silent and mournful toiling wedding their way from the vicinity of the telegraph office.
