Lumber Commission

The lumber commission which had an portant duty to perform have reported to the government. The following digest of the eport we take from the Globe

It appears from the report of the commis-sion appointed by the Local government that they had information from thirty-seven leading lumber operators and they took the testimony of eleven persons. As between long Equity chambers, St John, and short leases they favor the former as being in the interest of both the crown and the Judges' chambers and law horary, lessee, and this is consistent with the practice in Maine as well as egreeable to the general desires of New Brunswick operators The report recommends that as the expiration of the term for which existing leases are held Blind Asylum, Balifax, the lumber lands be leased at public auction. to be held by the lessees thereof by yearly Legislature and public offices. license, renewable from year to year during the pleasure of the government under condi-tions of compliance with all regulations made or to be made by the governor-in-council. The commission say they are of the opinion that "the present value of the timber upon the crown lands is considerably in excess of the rate or price for stumpage now obtained herefor, and if it were husbanded a rate of stumpage very much larger, perhaps double the present rate, would be realized within a few years." It is urged that there should Assistant clerk,

commissioners advise that in all such cases double stumpage be charged They would not at present advise discriminating rates of stumpage in different sections of the province, but advise that the stumpage on cedar be made the same as on spruce and pine logs. As to the matter of government aid in clearing streams not now driveable, the commissioners find that with rare exceptions the sioners find that with rare exceptions the Sergest-at arms \$4 per diem. granting of leases under the conditions recommended, together with legal protection to persons or companies constructing driving implements, would be equivalent to granting. Two pages, of such aid under the present tenure of crown timber lands. They have prepared a bill in furtherance of this view.

In regard to the virgin timber lands on the J. B. BOWSER. Renous and Dungarven rivers, the report Public health, contingencies, etc. favors improvements at public cost to make them accessible. It further recommends the March 10, 1892. 3—11.
