find space in its columns. The first thing that strikes a Province boy on coming to Ashland is the number of B'uenoses" he meets with. He finds them from Woodstock, Hartland, Peel, Centreville and various other places. Over twothirds of the business men of Ashland are New Brunswickers, the most prominent of them being G. R. Ketchum of Ashland Mille; William Loane, of Finson & Loane; Harry Brown, of White & Brown; Charles Gregory, manager for Dunn Bros.; and Dr.

G. R. Ketchum has the Aehland Mills running to their full capreity and is turning out long lumber and elapboards pretty fast. The rain of Saturday and Sunday has raised the waters of the Aroostock considerably, and will be a big help to the drivers who are yet behind. C. A. Trafton is the only operstor on Aroostook waters reported 'bung up' as yet. L. C. Bearce will be at Ashland bridge to night (12th inst.) Frezer and Gibson are both reported in safe waters. The concert given by the ladies of the S was declared by all to be a success. The acting of Miss Martha Orout as Norah, and Miss Lee as Aunt Debby, in the 'Grecian

Bend,' was particularly good. Alf. Martz performed in Haywards Hall to full bouce Saturday night. The chief characteristic of the show was its poorness. Everyone complains of them taking two thirds of the house for reserve seats, and charging full price (35 cts.) for children. But the dance after the show was a success, only it was very short on account of being Saturday night.

The body of Jas. Fau kner, crowned on McColloms drive, has not yet been found. Henry McKay, who has been book keeper for G. R. Ketchum nearly ever since he has been up here, has left for "out West." He will be missed by all, as he was a favourite both with the employers and the patrons of the mill. Mr. John Boyd of Upper Brighton, C. C., succeeds him.

The grass and crops are looking fine for this place, but are away behind our own C. C. farms. Mosquetos and black flies? well I guess so,
