SARSAPARILLA "When I was 4 or 5 years old I had a scrosous sore on the middle finger of my left hand, which got so bad that the doctors cut the inger off, and later took off more than half my hand. Then the sore broke out on my arm, came out on my neck and face on both sides, early destroying the sight of one eye, also in my right arm. Doctors said it was the Worst Case of Scrofula they ever saw. It was simply awful! Five years ago I began to take Hood's Sarsaparilla. Gradually I found that the sores were beginning to heal. I kept on till I had taken ten bottles, sea dellars! Just think of what a return I got for that investment! A thousand per cent? Yes, many thousand. For the past 4 years I have had no sores. I
