The Prince rode up to the palace gates And his eyes with tears are dim. For he thinks of the beggar maiden sweet Who may never wed with him, For home is where the heart is, In dwellings great or small, And there's many a splendid palece That's never a home at all.

SAMUEL & JAMES WATTS.

The yeoman comes to his little cot With a song when day is done, For his dearie is standing in the door And his children to meet him run, For home is where the heart is, In dwellings great or small, And there's many a stately mansion

That's never a home at all. Could I but live with my own sweethear la a hut with sanded floor, I'd be richer far than a loveless man With fame and a golden store.

For home is where the heart is, In dwellings great or small,
And a cottage lighted by loveligh
Is the dearest home of all.

Selegt Tale.

LUCKY PHOTOGRAPH.

In a discussion between several learned gentlemen concerning modern inventions and the marvellous appliances of science, James Beaufranc a great, brown, bovish fellow, with a merrier countenance than is generally considered to be becoming to a professor of mathematics, breathless, but waving a paper in my was asked to tell in his turn what he hand. thought was the most useful discovery | 'I was not deceived; the resemblance of the human mind.

'What! You dare to pretend that the hand upon the window ledge, was holdgreatest wonders of modern times are ing in the other a bundle of papers tosteam, explosives, electricity, and I know | ward Mr. Monquero. not what! As if it were a pleasure to 'You can easily divine what followed scenery on either hand; to speak through in a fortnight and exonerated him from the telephone to a person whose face you cannot see, or to have your tooth pulled out, even without pain, by a wad of justice, and Mr. Pradoux invited that some mysterious chemical, come from same evening to dinner his providential God knows where! In truth, you gentle | saviour. men, though you are reputed to be very wise, appear to me to be very foolish.' more charming than ever in the pallor

The paradoxes of the young professor of convalescence, rushed toward me. caused a general smile, but James Beautranc continued imperturbably: 'My own idea is that inventions are ther,' she said as she extended to me valuable only in direct ratio to the hap- her hand. 'Nothing, absolutely nothpiness which they procure. That is why ing, can testify our gratitude.' I find your railroads odious, your cannon But if,' interrupted I, 'but if - and

monstrous, your dynamite absurd. And deciding at once upon my course of for other reasons I find but one laudable action I drew Mr. Pradoux into his modern discovery-one which is univer- library, where I related to him the sesally beneficial—a science which is also cret of the photographs, my love and an art. 'And what is it?'

There was a great shout of laughter. Decidedly Beaufranc had not his equal However, with astonishing coolness friends.

he young professor continued: 'Yes, photography, which does no harm to any one, but, on the contrary, much good; which makes to live again at our fireside, immortal as their memory, the cherished features of relatives long departed; which consoles in the absence of the dearly beloved, and to which,

esides, I owe my marriage. There was a great silence at this point, and intense curiosity was depicted upon the countenances of Beaufranc's hearers. 'I bought,' he continued, 'as soon as they appeared, one of those instantaneous from ten to twenty thousand inhabitants. cameras. It is no larger than an alarm In any of these towns a large and handclock and perfectly light and portable. somely built brick or stone house, with You can hide it under your overcoat, all the best modern improvements, and under your arm, within your waistcoat suitable for families of ten or twelve peo-—almost anywhere. When you wish, ple, may be bought for about \$12,000 or you touch a button, and, presto! every-rented for about \$300 a year. Living,

The fact that about 400 applications for patents were made last year by women is an indication of how thoroughly the gentler sex is entering into the practical activities of modern life. Many of these applications relate to such industries as textile manufactures and railways and electrical devices.

Rheumatism Cured in a Day.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Warranted by Garden Bros. druggists.

Mr. Cleveland eccups to agree with Capital as to the sort of men to have in his Cabinet:

Croup kills thousands where sholers kills tens | that he believed it was a duty he owed to hu For this dread disease ac remedy can compare in curative power with Hagyard's Yellow Qil. It loosens the phlegm, gives prompt relief, and soon completely cures the most violent attack.

I was not my old self. Up to that time I had been It is said to be possible to out down a grow ing tree and make it into paper ready for the printing press within twenty-four hours.

ON TRIAL FOR 90 DAYS.

The fivest completest and intest line of Electrical appliances in the world. They have never trical appliances in the world. They have never the second to do me any good. I am not of a disposition to give up easily, and I tried to fight off the trouble and continued to go about when the second to do me any good. They have never the trical appliances in the world. They have never the second to do me any good. I am not of a disposition to give up easily, and I tried to fight off the trouble and continued to go about when the second to do me any good. They have never the trical appliances in the world. They have never the second to do me any good. I am not of a disposition to give up easily, and I tried to fight off the trouble and continued to go about when the second to do me any good.

DYSPEPSIA, Threatened Heart Failure LIVER TROUBLE,

SKODA'S DISCOVERY. G. W. Pearson by occupation is a Carpenter and Builder. He is favorably known in Waldo Co. He says :-"For years I have suffered from Indigestion, Heart and Liver Trouble.
At times my Heart would beat so feebly, I would be obliged to cease work for days at a time. "I tried physicians and remedies, without number, but got no permanent

relief, until I commenced the use of SKODA'S. "I have taken one course, and and perfectly well. My wife has also received great benefit from the use of SKODA'S DISCOVERY and SKODA'S LITTLE TABLETS." Mr. Pearson will answer any letters
