Jan. 16, 1893.

Two weeks have passed away since I last gave you a few items. Still the mother earth calls for snow; ou account of no snow our village is very quiet, business dull as a consequence; snowing a little to day.

Last Thursday Mr. Wm. Johnston received a telegram stating that the remains of his brother Thomas Johnston would be forward ed, from Coldstream, where he had been living and where he died, for burial at McKenzie Corner. He had his jaw bone removed some time ago on account of it being effected with cancer, but the disease did its work at last by eating a hole into the side of bis neck causing him to bleed to death. Funeral rights were preformed by Rev. Mr. Barker.

Rev. Thomas Pierce is still confined to his house, it is feared he will not be able to do much work uctil spring. John Craig will be confided to his house till spring, as so will Mrs Pritchard, we hope for the best in regards to these our neighbors.

Two weeks have passed away since I last deepair. You can imagine the despondent condition I was in when Mr. Rainey, of Grand Valley, mentioned Pink Pills to me. I had little hope that they would benefit me, but drowning men clutch at straws, and that was my frame of mind when I purchased the first supply of Dr. Williams' Pink Pills. I had not used the Pink Pills long when I because did retief and this naturally made me hopeful, and I persevered in their use until the cure was complete. The change wrought im me by Dr. Williams' Pink Pills is as delightful as it is marvellous, and for the first time in years I find myself free from pain. I was wask, helpless and hopeless—doctors and other remedies had done me ro good, but Pink Pills have restored me to health and strength. The sciatica disappeared, the remains went with it, but stranger still, because I notice that in the list of ailments for which Dr. Williams' claims his remedy benefit me, but deepair. You can imagine the deepondent condition I was in when Mr. Rainey and the part had little hope that they would be for and

knew he was not a man who would exagger. The story of the case was corroborated by many neighbors, among them Mr. Wm. Lo-mas who had assisted in carrying Mr. Moss to the hand-car when taken to the scene of

isfied as to the great curative properties of Dr. Williams' wonderful discovery.

The Star interviewed the druggist of Grand Valley, and had the same answer from all.

Pink Pills are the best selling and most popular remedy in their stores, and the sales are constantly increasing. Mr. Erskine, of Dr. Hopkine' drug store, and Mr. Stuckey, of Mr. Reith's establishment, told the Star they were amezed at the great and growing de-mand for Dr. Williams' Pink Pills. If the remedy is as popular in other parts as it is in and around Grand Valley great indeed must be the good accomplished by this famous

D. Williams' Pink Pills are not a patent usually understood, but a scientific preparation. They contain in a condensed form all the elements necessary to give new life and richness to the blod and restore shattered nerves. They are an unfailing specific for such diseases as locomoter atexia, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexions, and the tired feeling resulting from nervous prostration; all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to temales, such as suppressions, irregularities, and all forms of weakness. They build up the blood and restore the glow of health to the pale and sal-low cheeks. In the case of men they effect a radical curs in all cases acising from men-tal worry, overwork, or excesses of whatever
