The Heart of the Tree.

What does he plant who plants a tree?
He plants the friend of sun and sky;

In husband and happy twilight heard-

here things he plants who plants a tree

What does he plant who plants a tree? He plants cool shade and tender rain,

He plants the flag of breezes free,

The song and mother croon of bird

The shaft of beauty, towering high, He plants a home to heaven snigh.

The treblo of heaven's harmony-

The harvest of a coming age; The joy that unborn eyes shall see —

When in the hollow of his hand

A nation's growth from sea to sea

Stirs in his heart who plants a tree

Holds all the growth of all our land-

-H C. Bunner, in N. Y. Mercury.

sell, the artist, adds to the article with five of his exquisite illustrations. Just how to arrange a tenus tournament is also an excellent article, as timely as it is authoritative, since it is written by Mabel E-monde Cahill, the champion lady tenuis player of the United States. A full page, very well done, is that giving descriptions of various ways of "Entertaining in the Country" Mrs. Ells Wheeler Wi'cox sets and answers "Can a Woman Reform a Man?" A most besutiful page of periodical illustrations in Nacy Mann Waddle's article on the cultivation of the orchid—"A Flower of the Air," as it is quaintly designated. A page of biography presents sketches, with portraits, of "Rea Nouch ette Carey" and of "The Daughter of Charles Dickens." Anna Robertson Brown gives the first paper, in a series of articles on "The Girl Who Goes to College." Mr. Bok, the editor, discourses with foreible directness, upon the perplexing question of corporal punishment for children, writing from the boy's point of view. The editors all have something bright to say in this July number which, with its attractive sum mer cover, apecially designed by Frank O Small

No Alkalies Other Chemicals W. BAKER & CO.'S which is absolutely pure and soluble,

W. BAKER & CO., Dorchester, Mass.

With each issue, the new Donahoe's Mogazin eme to have the talent of doing things that are popular, without being cheap, striking without being senestional, and able without being heavy.
To 1 lustrate this point, tale two articles of the
July number: "Is Wall Street Immoral?" by
James W. Clarke. A M., and "Catbolic Lawyers and Divorce Causes." by T Wilfred Coak-ley. Both these articles have at once the merit There is a complete story by Rose Hawthorne Lathrop, daughter of America's greatest novelist, entitled "Robinson's Hidden Life;" a beautiful illustrated critique of the work of Soulptor William Ordwsy Partridge, by Henry Austin "Women who Have Made History," by Mary B. Independence," by Capt. John M. Tobin; "St. John's Seminary," illustrated, by Rev. T. C. McGoldrick; and twenty-five other features of

real value and contemporaneous suggestion.
Whether considered from an artistic or a literary standpoint, from a popular or an erudite view place, Donahoe's is in the race with the best of American periodicals. A prominent feature of Outing for July is a Sir John Herschel says that if a solid cylinder of the forty-five miles in diameter and 200,000 miles long were plunged end first into the sun it would not be supported to the supported to the supported to the supported to the support to the supported to the support first into the sun it would melt in a second incidents of the back woods and draws the hap-Winnipeg has a population of 30,000 and a taxable property worth \$22,000,000. This is a marvellous record for a city that twenty years ago was shut in on one side by the trackless prairie and connected with civilization on the other by a waggon road 300 miles long.

> "The Frog for Pan and Pastime," bass fishing in Maine," Scribner's Magazine for July contains etriking article in the Men's Occupations series by W. Clark Russell (the writer of sea tales) on "The Life of the Merchant Sailor," giving a graphic account of forecastle life in a modern sailing vessel, showing how little it has ob sixos the old days when Dana wrote his "Two years before the Mast.". The abundant illus-

success, especially lemon growing, which is being prosecuted each year with greater activity. There are some who think that lemon growing will eventually outstrip the orange culture, but a stranger in the orange groves of California would hardly believe it The Duke of York has cabled the Counters of Derby that a sleigh would be acceptable to bimself and Princess May as a wedding present from the women of Canada. flavor is poor. Except on the mountain Of Waterford, Ont, writes, "My baby was very eick with summer complaint, and nothing would duction of good applee, altho" the trees grow help him till I tried Dr. Fowler's Extract of and bear well. Pears are a success and have wild Strawberry, which cured him at once. It is one of the best remedies I ever used."

The attendance at the World's Fair during May was nearly 1,600,000, a daily average of ever 51 000.

The fir Name is Legion. Their Name is Legion. fornia. Olive trees are believed to have lived seader, there are many blood purifying mediand borne fruit for 1000 years. They require a dry soil and irrigation is not necesand are also famous for jellies. Blackberries and respherries have regular seasons, but strawberries grow nearly all the year round.
There are practically no wild berries in California, excepting huckleberries, which are a poor apology for the luscious blueberry of the N. B. planes. Strawberries and raspberries

are all cultivated and are of immedse size. I saw a single strawberry in the window of a San Francisco grocery the other day that measured nine inches in circumference. Berbill \$7,000,000, and for its drinks bill \$60.

Rheumatism Cured in a Day —South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits 75 cents. Warranted by Garden Bros. druggists. In fitty years the British navy has lost seventy vessels at sea. Eight of them were heard from, six were abandoned in Arc ic re search, three have been burnt, and three capsized at sea.

Down With High Prices For Electric Bolts. years and bear every year. Walnuts are sold at \$6 00 a sack or 8 and 10 cents a lb. Almonds and chestnuts have a good market. Peanute are raised largely and fields of 40 to mild or strong current. Less than half the price of any other company and more home testimonials than all the rest to-

throat. Not succeeding, he obtained a rope and went to the woods and hanged himself But the limb of the tree broke, and he was saved. McDonald attempted suicide some of the state, but as elsewhere the wild fruit is of little value. There are about 250,000 scree under cultivation. About 50 millione of dollars have been invested in the manufacture of grape wine and brandy, the annual product of wine is 15 million gallous, besides which considerable is made into brandy. Besides dry and sweet wines Caligenuine, natural champagne is made. Fully Brandon, Manitoba, has skipped out, leaving an army of creditors behind. He is evid to owe \$30 000 to a Manitoba bank, \$15 000 more to his employed and others, and 50, 000 to English and Scotch creditors, some \$30 000 of which was for dramonds bought desired a sinite to Warrens leave militant and sections. used for the manufacture of ordinary raisine is of the variety known as the Muscat ur Muscatel which are not tinted in color as generally supposed, but are white. Many people also imagine that raisins in the prosugar, but this is erroneous; the white graine The Ladies' Home Journal.

How a marriage proposal is made and how it is worded always arouses the interest of girls, and to them the charming revelation made in "The Story of Five Proposals," which is told with delightful frankaces by a Western society girl, in the July Ladies' Home Journal, will have an unusual attractiveness. A. D. Wen. have an unusual attractiveness. A. D Wen- rows similar to potatoes. The vines begin zell, the artist, adds to the article with five of bearing the second year after planting the

this July number which, with its attractive summer cover, specially designed by Frank O Small and its admirable table of contents, is worth many times its price of Ten Cents. Published by The Curtis Fublishing Company, of Philadelphia, for Ten Cents per number and One Dollar the land receiving \$25 an acre for half of the estate and \$125 an acre for most of the remainder. The town of laglewood is now situated on part of the property. Hope are largely raised in California.

of acres can be seen. Nearly eight millions of lbe were shipped East in 1891. Previous to the great drought in 1864. stock raising was a distinct occupation, but more recently this business is combined with farming se in N. B. There are in the state about 800,000 neat cattle and 270,000 mileh cows. Cows calve before they are two years old. Some idea of the extensiveness of the dairy business can be formed when I state that on a single ranch—the Point Reyes—there are upwards of 6000 head of castle and from 800,000 to 900,000 pounds of batter are made and shipped to San Francisco an-

nually. Large quantities of butter and one se are also shipped to Frisco. Cali-fornis cheese is very inferior in quality to the Eastern; butter is fair. If cattle are housed

F. B. CARVELL It has more than three times the strength of Cocoa mixed with Starch, Arrowroot or Sugar, and is far more eeenomical, costing less than one cent a cup.
It is delicious, nourishing, and EASILY Sold by Grocers everywhere.
