What Am I to Do?

The symptoms of Biliousness are unhappily but too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events.

The digestive system is wholly out of order and Diarrhoea or Constipation may be a symptom or the two may alternate. There are often Hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try Green's August Flower, it costs but a trifle and thousands attest its efficacy.

A Bangor man who recently advertis-ed for an office boy received a call from 4000 ROLLS from 5c per one applicant whom he asked if he believed that he knew enough to assist him in that position. 'Know enough!' exclaimed the young fellow indignantly, Why, I left my last place because the boss said that I knew more than he did.'

Minard's Liniment for sale everywhere.

A Representative Farmer

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as

of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing permanent relief. permanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, seeing that for the four years since I have had as good health as ever I since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. HAUN, Welland P.O. In this connection the following letter from T. Cumines, Esq., a leading druggist of Welland, Ont., speaks for itself:

Me srs. T. Milburn & Co., Toronto.

Gentlemen,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way told me that it was marvellous the way
the Burdock Blood Bitters had cured him,
and that he now felt as able to do a day's
work as he ever felt in his life. Although quite well he still takes some B. B. B occasionally, as he says, to keep him in perfect health.

Yours truly,
THOMAS CUMINES,
Welland, Ont. The steadily increasing sale of B. B. B., the length of time it has been before the people, and the fact that it cures to stay cured, attest the sterling merit of this monarch of medicines, the people's favorite blood purifier, tonic and regulator.

To Whom it may Concern:

suggestions, which, if adhered to, will be of mutual benefit to all con-

The parties to whom we sell our dressed lambs have gradually become averse to buck lambs, and now take a decided stand against them, and want all ewes and wethers. They will not handle buck lambs

unless we make a concession in the price of two cents per pound, dress-This difficulty can be overcome if all persons raising lambs for market

will castrate their buck lambs. We would suggest that all farmers castrate all their buck lambs, and hereby give notice that
