Everybody knows that there are no snakes in Ireland, but very few know that Newfoundland is just like Ireland in that respect -and there is no record that Newfoundland had a St. Patrick to drive snakes off either There is plenty of game in Newfoundland, but not a reptile of any kind-snake, toad. frog, lizard or even a turtle. Another queer thing about the province is that, while some wild animals are abundant there, no one ever anywhere wishin its boundaries. Tais is all the more singular because the adjaining pro vinces of Nova Scotia and Cape Breton have all these animals and many kinds of suskes and other reptiles .- Chicago Herald.

The sale of timber leaves, the first under the new arrangement by which the leases are made for 25 years, was begun at Frederictor yesterday and seems to have been well at tended. The net result of the day's sales as reported appears to have been about \$29,-000. Should the balance of the leases to be offered to day and to morrow realize as well trines of the opposition in favor of a tariff ed :as those sold yesterd w, which is by no means based professedly on revenue requirements certain, the result will exceed the expectations formed before the sale. In any case it seems likely that a suffi ment sum will be re alized to make provincial finances easy for this year. #### Very Strange.

It has been supposed that, under our ad mirable system of free schools, the rising generation was giving evidence of its practical advantage. If Mr. George Johnson, the Dominion statistician, is cocrect in his present ation of figures in census bulletin No. 17, the public supposition has been widely astray. If, as scarcely seems possible, Mr. Johnson is stock, Tuesday right the only way to account for the fact as stated must be that our system is made to cover too much ground and, while fostering From Presque Isle and Interme- the higher branches of education, departs

from its original intention of chiefly promot ing the primary education of the young. It is found that 70 83 per cent. of the total population can read, and a total equal to 66 50 per cent, can write. Of the adult po pulation 84 65 per cent. can read and 80,34 per cent, can write. In respect to these ru diments of education Canada is below the United Kingdom, France, Germany, Holland, Switzerland and Scandinavia; about equal to the United States, and above Belgium, Italy Austria, Spain and Russia,
