C. E. PUTTNER, Esq., PH. M.:

SIR,—I consider it my duty, not only to yourself, but to my fellow creatures who are suffering from Asthma and Bronchitis, as I had for some time previous to using your "Emulsion of Cod Liver Oil with Hypophosphites," to give my testimony to the most wonderful good effect it had. Having suffered for some time with Asthma and Bronchitis, accompanied with great nervous exhaustion, and having carefully read your Essay on the combination and uses of your Emulsion, I was persuaded to give it a trial, and on using two bottles I began to receive great benefit and relief, and after using three bottles I was completely revived and am to-day perfectly free from either Asthma or Bronchitis, and my nervous system much invigorated and built up. I have found it very pleasant and palatable, and with no taste of oil whatever, and can with great confidence recommend it to those suffering as I did previous to taking your compound. I am, yours, &c.,

Mr Ketchum and mywould say, I think I would have a right to self were sent by the c unty, in 1886, to supbe surprised at a large number of statements which these gentlemen put forth at the support of the government, no attention was vening meeting following the opening of paid to our representations in respect of im-Woodstock Bridge, and I am therefore mov- portant public works in the county, for this ed to make a few comments upon the as well as other causes, I withdrew my supspeeches as published in the supplement of your valuable paper. Before doing so I am of 1888. Then and not till then were the vour valuable paper. Before doing so I am constrained to say with a long suffering and grievously wronged people residing in Woodstock and vicinity, and along the eastern bank of the river St. John, opposite the town, with the public spirited and honest the Woodstock and Centraville Deitstein Presque Isle, at Centraville and Woodstock. principled citizens living in every part the Woodstock and Centreville Railway, due of the County who abhor fraud, corruption and humbug, with the over burdened ax payers of this county and province, whose burdens have been so materially increased by the present government, thank God the bridge is done. As to its excellence, ime alone can determine, as to its permannee, it will not stand ten years and protably not five—without careful watching and had I remained with Mr. K-tchum, a sup-yearly repair of the piers. The Chief Comnissioner made a faint endeavor to prove that the government had not spent too much money on the substructure. He surely does which the county since that date has been money on the substructure. He surely does not expect the public to forget that the contractor contracted to build the substructure taking the strong stand I have in the for \$62,400 and was paid very nearly \$100, past. I have forced the claims of the county upon the attention of the government on. He talks about \$7,000 paid the cortractor for taking down and putting up certain of the piers—on account of the mistake of the engineer. What was the other \$30,000 extras paid the contractor for? So much for the bridge which, in the language of Tweedie, is "to last for ages." Located for political reasons, and to a large extent built corruptly, it is no wonder that the puttic breathe a sigh of relief that it is at length completed. Mr. Tweedie appears to have been the only member of the government who talked of and tried to defend the policy of the government. Mr. Tweedie stated that the government of which he was a member had extended the franchise to young

conduct? Have they proved so pure and

correct in their administration as to require

no check or restraint, whatever? These ger-

ber had extended the franchise to young men. The franchise was extended during Dr. Parkhurst has entered into a contract

men. The franchise was extended during the session of 1889 when Mr. Tweedie opposed the government. It was on the statute book when, in January 1890, Mr. Tweedie appealed to the electors of Northumberland to send him to oppose the government. The electors of Northumberland sent him in 1890 as in 1886 to oppose the government. He could have sold out to Mr. Blair as readily in 1886 as in 1890, only he had nothing to sell. In 1886 the opposition only elected some six or seven members; in 1890 they exceed twenty members. Twenty members in a house of 41, with several who claimed to be independent was practically a defeat of

Tado Kneeter, father of Ohristina, said that the etatement as published in Dr. Evans open letter as to his daughter's recovery was correct. She was first taken sick about the 15th of March, 1893. of inflummation of the left lung, and after treatment by Dr. Evans seemed to recover after about two weeks, but again relapsed with the apparently hopeless conditions described in the letter. She was terribly wasted. Every sight she coughed up a large bowlful of fetid matter. The femily had completely given up all happee of her recovery, and for two nights eat up with her expecting that she would die. After beginning the Pink Pills a change for the better was speedily noticeatle. The cough began to discontinue and, in one month, had so letter, she was sufficiently recovered to drive to Elmwood She continued taking the pills until October. Obristina had been quite well since and this Fall had been pitching sheaves and helping in the harvest field.

Mrs. K setter concurred with her husband's statesments throughout, and was emphatic in tegrifying to Obristina's reduced and weakly condition at the crisis of the disease and the completeness of her recovery.
