WOOL AND RUTS.

How hard *it* is to get out of a Rut. Our strongest reason for doing as we do, is often

"Because We Always Have."

If you raise wool, or work in wool at home, we wish to say a few plain words while you give your attention. You pay for carting wool into rolls, six cents. You hire some one to spin at 25c a day. They do two pounds. This cost you 12½ cents a pound, then you board them, it is worth 25c. a day making the spinning cost 25 cents per pound *besides the carding, 6 cents.* Now we do all this for *nine* cents at the factory. Are you in that rut, we wish to help you out.

REMEMBER!

W. Woollen Mill is a saver of labor to the wives and daughters, as the mowing, raking and pitching machine save labor of husband and boys.

We are taking wool at cash price in exchange for Cloth, Yarn, Blankets, Flannel, Horse Blankets and Woollen goods.

A tramp with a blase manner lackadaisically walked up to the rear entrance of a farm-house, and gently tapped the door with his finger tips. The door was opened by a sharp-faced vision, who inquired what the gentleman of leisure desired.

'Madam,' he said with a very profound bow, 'I have a request to prefer.'

'Well sir, be quick about it,' was the not encouraging reply.

'Madam, I would fain eat.'

'Do you see that wood, sir?' she retied, pointing to a large pile of timber which had not been shortened to the required stove length.

Slowly he turned his head and looked in the direction of the pointing finger, then with as much calmness as he could command, he spake thus:—

'Madame, you saw me see the wood, but you won't see me saw the wood.'

Before the woman had recovered from her surprise he had been wafted away with the parting breeze.

Don't

"Gift Enterprises"

Seem to be all the rage in the Soap Business, owing to the idea of some manufacturers of getting *something* out of *nothing* if possible. Grocers get 6 boxes for 5 of some kinds, and are offered all sort of "Nick Nacks" with others, as an inducement to recommend such Soaps to the trade

It is a well-known fact, however, that a genuine article in this day of competition pays no fancy profits WELCOME SOAP represents this class of goods, and demonstrates the value of quality in manufacture, which is the only guarantee of a pure and legitimate washing quality.

What's the outlook for a newspaper in this town?

'First-class. We've got a map of a railroad, six candidates for postmaster, an' it ain't ten miles to where the circus shows!'

How to get a "Sunlight" Picture.

Send 25 "Sunlight" Soap wrappers (wrapper bearing the words "Why does a Woman Look Old Sooner Than a Man") to Lever Bros, Ltd., 43 Scott St., Toronto, and you will receive by post a pretty picture, free from advertising, and well worth framing. This is an easy way to decorate your home. This soap is the best in the market and it will only cost 1c. postage to send in the wrappers, if you leave the ends open. Write your address carefully.

'Do be quiet, Johnny, don't you know that there's a visitor in the next room?' said Frances to her little brother.

'How do you know? You haven't been in.'

'But,' said Frances, 'I hear mamma saying 'my dear' to papa.'

Dear Sirs,—I had a mare which was foul-skinned and side-boned, the hair standing on as end, but after I used one of your Packages of Powders, I found a wonderful difference in her appearance, and she is now as sleek and glossy as any animal can be. I shall not be without it in the future. Yours Truly,
GEORGE GERRY.

'Well, you may talk as you like about Mrs. Lissiner, but she's a woman that knows her business.' 'I admit that, and have no objections to her knowing it, but I object to her wanting to know mine.'

Valuable to Know.

Consumption may be more easily prevented than cured The irritating and harassing cough will be greatly relieved by the use of Hegyard's Pectoral Balsam that cures coughs, colds, bronchitis and all pulmonary troubles.

He—Will you go to church with me to-morrow?

She—I haven't a thing to wear.

Ye—Then go to the ball with me to-night.

Consumption and lung troubles are the cause of fully one third of the mortality in America. Prevention is better than cure. If you catch a cold, take at once some of Hawker's balsam of tolu and wild cherry. It is a sure cough cure.

'What sort of a girl is she?' 'Oh, she is a miss with a mission.' 'Ah!' 'And her mission is seeking a man with a mansion.'

Cold in the head—Nasal Balm gives instant relief; speedily cures. Never fails.

She—Well there's nothing in it.

A certain justice of the peace having arrived, previous to a trial, at a conclusion upon a question of law highly satisfactory to himself, refused to entertain an argument by the opposing counsel.

'If your Honor pleases,' the counsel replied, 'I should like to cite a few authorities upon the point.'

Here he was sharply interrupted by the justice, who stated:

'The court knows the law, and is thoroughly advised in the premises, and has given its opinion, and that settles it.'

'It was not,' continued counsel, 'with an idea of convincing your Honor that you are wrong, but I should like to show you what a fool Blackstone was.'

'I saw a very interesting case of suspended animation the other day,' said an Allegheney man to an east end physician

The latter was deeply interested at once.

'Ah!' he replied. Go on'

'A couple of boys on our street had captured two cats. They tied them on either end of a short rope and threw the rope over a clothesline. I tell you the suspension was animated for a few minutes, until I managed to cut the rope.'

At this point the doctor said he had a patient to attend to.
