A MONTREAL MAN

Every Ban Who Would Know the Grand Truths; the Plain Facts; the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wenderful Little Book Called "COMPLETE MANHOOD, and How to Attain It"

"Here at last is information from a high medi-cal source that must work wonders with this generation of men."

The book fully describes a method by which to attain full vigor and manly power.

A method by which to end all unnatural drains

spondency, etc

To exchange a jaded and worn nature for one of brightness, buoyancy and power.

To cure forever effects of excesses, overwork, worry, e'c
To give full strength, developement and tone to
every portion and organ of the body.
Age no barrier. Failure imporsible. 2,000 re-

ferences.

The book is purely medical and scientific, useless to curiosity seekers, invaluable to men only A despairing man, who had applied to us, soon

after wrote:

"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug every body and tell them my old self had died yesterday and my new se'f was born today. Why didn't you tell me when I first wrote that I would find it this way?"

And another thus:

And another thus:

'If you dumped a cartlosd of gold at my feet it would not bring such gladness into my life as your method has done."

Write to the ERIE MEDICAL COMPANY, Buffalo, N. Y.. and ask for the little book called "COMPLETE MANHOOD" Refer to this paper, and the company promises to send the book, in sealed envelope, without any marks, and entirely free, until it is well introduced.

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs. Its excellence is due to its presenting in the form most acceptab's and pleas-
