Dairying Progressing. To the Editors of the Carleton Sentanel: I have been visiting a number of the old

la Kings County the Dairy industry is progressing as rapidly and successfully as

Province. The keeping of cowe for milk has assay. Hay's Block, Main street.

The 65th annual session of the Grand | been a good part of their practice for some Orange Lodge of British America opened years to supply the city of St. John, but at Lindsay, Out, on Tuesday. of the city, and on the 21st of May the From T. O'Brien & Co., booksellers, factory received 7412 lbs of milk to be manudairy industry to be profitable, or they would

The Dominion Government did a grand thing for our Province in establishing a Dairy School at Sussex, and our young men who attended it received a great deal of instruction of the most useful and practical dale, architect, for Mr. W. M. Smith, to kind which, no doubt, will prove a great benefit to themselves personally, and also to the industry in which they are engaged. Our own local Government are also doing a grand work for the Dairy industry of the Province by following up the instructions given at the school, and giving the farmers information

not continue it; and this quantity of milk

relating to Dairy work and other improvemeats in the system of farming.

I have addressed meetings of farmers on the above subjects at Bloomfield : Upham, where a new factory has been erected; Ber there, and there is another being erected at Jeffrey's Corner, which I hope to see soon. Carleton County formerly wore the laure's as the banner county of the Province, especi-

of the SENTINEL staff, and he is satisfied. Kings Co. is pushing ahead and will be a from conversation with different jutelligent keen competitor in the race for excellence in Americans, that the people of Canada know dairy produce. I also addressed meetings at far more about the United States as a whole Cornhill and Havelock, where factories have than do the people of the latter country been in operation for some time, with a ed, as I have been, in different cities, if Can- also in the quality of their goods, which new wick is not in Hali'ax, he is tempted to col. I would recommend farmers to make abundlapse, and talk about the weather. Or ant provision of green food for milk cows in schools give more attention to United the fall by sowing cate and peas, and plant. Artillery. Some of "the boys" did fire a States in atters than their schools do to Can. ing plenty of corn for feeding, which will keep up the flow of milk and increase the

a farmers profits. JOHN ROBERTSON,

Fredericton.

Not Fair. statistics. This health record is the result of I don't think it fair for the Mayor and pure water and atmosphere and an excellent Council to let so large an amount of the taxes system of drainage. The water supply is go uncollected, as has been the case for the ment and public-still before parliament taken from the Missouri, which is a very last year, and other years. People who could with some resolutions. This indicates a The value of the product of industries in the shall cannot do it? It is not fair that one

One Price

SYSTEM Believing it to be the only correct one We are now offering heavy All Wool Goods, weighing 14 to 15 czs per yerd, and not the so called heavy goods weighing only about 12 ozs. The paying of a price for wool which the market will not warrant, and the charging of prices for goods which are far beyond their value, we consider void of business principles, and we suggest that when you are quoted a high price for wool that you will look carefully to the price and quality of goods offered in exchange. We are confident no one can give you better value, our goods are made from the very best stock the country can supply.

WHITE WASH BRUSHES, PAPER AND ENVELOPES, STOVE & SHOE BLACKING, BRUSH-ES & COMBS of all kinds.
