It is singular that the great laures to omitted to mention the fact that it is in the Spring that a considerable portion of the human race turn to taking Hood's portion of the human race turn to taking Hood's Saresparilla. Probably nothing but the difficulty of finding a good rhyme for that invaluable remedy deterred him. Certain it is that the old-time domestic remedies are generally discarded in favor of the standard blood purifier, Hood's Saresparilla, which has attained the greatest popularity all over the country as the favorite Spring Medicine. It purifies the blood and gives nerve, mental, bodily and digestive attempth.

Winter Feeding. When horses and cattle are kept in stables most of the winter and are fed on dry food, they are apt to get out of condition and the spring finds animals that are not thriving, many have actually lost during the winter and have to do all their "picking up" when turned out to grass. All this can be prevented and animals made to gain all winter long by using Dick's Blood Purifier. Note the name—Dick's, not Richard's
