#### The Distinguished Visitors.

The Governor General and Lady Aberdeen seem to be industriously resolved to see and make themselves known to the various sections of Canada and their people. Last week they made several days stay in Halifax participating in public and social functions and visiting the various institutions, religious and moral. Thence they proceeded to Charlottetown and were the recipients of loval taking purt at an agricultural conven-

enthusiastic programme, and on Wednesday evening the distinguished visitors reached Fredericton where preparations tion or any or its officers of employees." for their reception, long anticipated, had been made on a right royal scale. In the list of functions here are a reception tendered by His Honor Governor Fraser and Mrs. Fraser, and a great meeting of the Provincial Farmers' and Dairymen's Association, which Lord Aberdeen and other notabilities have engaged to address. Fuller reference we are unable. of course, to make this week.
