MRS. PARKER'S STATEMENT.

An English Lady Interviewed Her remarks will Interest Canadians.

Mrs. Parker, an English lady, living in St. Clerans, near Southport England, recently interviewed, said she had not been as well for twenty years as then, having just taken a course of Hawker's nerve and stomach tonic and Hawker's liver pills. Mrs Parker had been a great sufferer from flatulence and indigestion, complicated with bronchial asthma, and what the doctors termed heart trouble. Every remedy that her family physician could suggest was tried but without success, and her condition became so serious it was thought the chance for her restoration to health was a change of climate. She could not lie down at night, but had to be bolstered up in a sitting posture and then could only breathe with difficulty. But after taking six bottles of Hawker's nerve and stomach tonic in conjunction with Hawker's liver pills she was completely restored to health. Her symptoms will be recognized at once by thousands of sufferers, in whose case they are present in perhaps a milder form, and to them also Hawker's nerve and stomach tonic comes as a deliverer from the tortures of sickness and disease. In Mrs Parker's case as in thousands of others, the wonderful results obtained are due solely to the remarkable nerve restoring, invigorating and blood building properties of this great tonic, combined with the regulating qualities of the pills on the stomach, liver and bowels. Hawker's nerve and stomach tonic is especially adapted to the diseases peculiar to women giving tone to the nerves and stomach, vigor to the mind and body and strength to the blood, restoring the bloom of health to the pale and delicate. It is a perfect nerve restorer and invigorator, and blood and flesh builder, as well as a valuable stomach tonic and aid to digestion. It is a certain cure when faithfully used for all diseases arising from nerve exhaustion, weakened or impaired digestion, or an impoverished or impure condition of the blood, such as nervousness, weakness, nervous headache, sleeplessness, neuralgia, loss of appetite, dyspepsia, hysteria, and the prostrating effects of la grippe or any nerve weakness of heart or brain arising from worry, overstrain of mind or body or excesses of any nature. Hawker's nerve and stomach tonic can be obtained from all druggists and dealers. Price fifty cents a bottle or six bottles for $2 50

PUTTNER'S EMULSION

Clapboards and Shingles.

ONE CAR LOAD of Clapboards and Shingles for sale

UNION FOUNDRY CO.

May 1st, 94.—2m-18

WOODSTOCK Woollen Mills Co.

We have now adopted the

One Price SYSTEM

Believing it to be the only correct one We are now offering heavy All Wool Goods, weighing 14 to 15 ozs. per yard, and not the so called heavy goods weighing only about 12 ozs. The paying of a price for wool which the market will not warrant, and the charging of prices for goods which are far beyond their value, we consider void of business principles, and we suggest that when you are quoted a high price for wool that you will look carefully to the price and quality of goods offered in exchange. We are confident no one can give you better value, our goods are made from the very best stock the country can supply.

WOODSTOCK WOOLLEN MILLS CO.

Teachers and Students Special Course.

OUR annual summer feature which has been taken advantage of by so many Teachers and College Students during the summer vacation, will be continued this year as usual.

This is an excellent opportunity to become familiar with the principles of Shorthand, to improve in writing, or to study any or all of the commercial branches A discount of 20 PER CENT. is allowed in the usual rates

For further particulars address

KERR & PRINGLE, St. John, N. B.

Communicated.

The "Sentinel" a Welcome Guest.

To the Editors of the Carleton Sentinel.

I have been off your list of subscribers a quite long enough and I should some time ago have intimated to you my desire to return; so please send me your paper again and I shall be glad to welcome amongst my mail the old familiar features of the "Carleton Sentinel."

The country everywhere I have been, is looking fresh and beautiful, for the absence of frost with most favourable weather has caused crops of all kinds to make a good start and promise a bountiful harvest.

My fruit trees, of which I have a good many, including apples, plums and *pears*, have a very promising appearance, except the fameuse trees, which, I regret to say, are suffering from that worst of all pests in an orchard the *scale bark louse*.

If Mr. F. P. Sharp, our renowned and eminently successful orchardist, would publish for the benefit of farmers, the best means of combating this intolerable nuisance, which threatens the destruction of all our fruit trees, he would confer a great favour and boon upon our fruit growers by doing so.

I learned from a friend incidentally the other day that some little lady, amongst your correspondents, signing herself 'A School Girl" had been pleased, about three weeks ago, to compliment me concerning my verses and had some request or suggestion to make. Would you please have the paper looked up and sent to me that I may learn what your little correspondent wishes me to write and I will endeavour to comply.

Yours respectfully,

A. H. S.

Havelock Grange, June 9, 1894.

Mrs. Fraser Writes.

To the People of Carleton County:

The census of Canada for 1891 states that there are in the County of Carleton eleven blind persons. Their ages range from babyhood up into the seventies.

All information with respect to the name, age and whereabouts of any of these eleven persons will be gratefully received.

Physicians, clergymen, school teachers or any persons possessing such information will confer a favor by communicating with the editor of the SENTINEL or with

C. F. FRASER,
Supt. school for the Blind, Halifax, N.S.

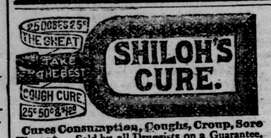
Priestley's Cravenettes may be had in all the newest fabrics Absolutely rain-repelling they are not to be distinguished from the same goods not waterproofed. This is their great merit Cravenette includes serges and all dress fabrics. They are perfectly porous, non odorous, and they never change in appearance. These are merits which no other waterproofing process has been able to demonstrate. They are rolled on "*The Varnished Board*" like all Priestley's dress goods

Literary Notices.

Scribner's Magazine for June contains an article by John Heard, jr., which, for the first time in accessible form in English, tells the tragical story of "Maximilian and Mexico" in the light of many documents which have recently been published in France Mrs. Francis Hodgson Burnett, with her wonderful power of depicting child life and her sympathy with it in suffering as well as in pleasure, has written "The Story of a Beautiful Thing," in which she tells of the rise and growth of a touching Loaden charity officially known as "The Invalid Children's Aid Association." Professor N S. Shaler has entered upon his new field in his popular studies of nature, and begins in this number a group of articles on Domestic Animals, those animals which are nearest to man by use and association. Doctor Leroy M. Vale, an angler of great experience, writes a brief article upon some of the best known "American Game Fishes." Archibald Forbes, the veteran war correspondent, writes a remarkable short paper on "The Future of the wounded in War," in which he predicts that the great advance in the manufacture of deadly weapons and also the increase in the size of armies will make it impossible, in the next great war, to give anything like the attention to the wounded which has heretofore prevailed; and that war instead of being more humane, will be more cruel—so cruel, indeed, that the nations of the world will be forced by stern experience to devise other means of settling their disputes. William Henry Bishop's short serial of Monte Carlo life is concluded in this number with a striking situation. Mary Tappan Wright contributes a short story entitled "A Portion of the Tempest" that will furnish endless speculation as to the real heroine of the tale.

Donahoe's for June.

The discussion of popular government based on universal suffrage which was begun in the May number of *Donahoe's*, and which has created such widespread interest, is continued with vigor in the June number, the significance of certain recent public utterances being dwelt upon. Two radically different articles are "The Blessings of Monopoly," and "The Oasis of Siwah." In the former, Rev. T. A. Hendrich, a Catholic clergyman, presents the strongest possible argument for the competitive system and for monopoly, its inevitable result and in the latter article a German writer shows, in the form of an allegory, the meaning of rent and interest. The halo surrounding the name of John Brown is somewhat ruthlessly dispelled in a most charming article by Catherine Frances Cavanagh on "Harper's Ferry and the Man who made it Famous." Rev. Dr. Shahan continues his scholarly and fascinating study of "The Ancient Schools of Ireland," and Mary Elizabeth Blake has a remarkable strong Spanish story. The illustrations of the number and the shorter articles are up to the magazine's usual high standard.



Cures Consumption, Coughs, Croup, Sore Throat. Sold by all Druggists on a Guarantee. For a Lame Side, Back or Chest Shiloh's Porous Plaster will give great satisfaction.—25 cents.

SHILOH'S VITALIZER.

Mrs. T. S. Hawkins, Chattanooga, Tenn., says: "*Shiloh's Vitalizer NAVED MY LIFE. I consider it the best remedy for debilitated women I ever used.*" For Dyspepsia, Liver or Kidney trouble it excels. Price 75 cts.

Woodstock, June 6, 1894.—tf-23

Glassville Items

June 10, 1894.

Pursuant to an intimation from the parish church pulpit on Sunday, the 3rd, a public meeting was held in said church on evening of Wednesday, the 6th, for the organization of a Christian Endeavour Society. After devotional exercises, conducted by Revs. Messrs Bearisto and McKay of Houlton, the latter gentlemen addressed meeting on the Origin, Organization and Objects of Christian Endeavour societies In opening his admirable address, Mr. McKay expressed the great pleasure he felt in once more visiting his old Glassville friends It was over twenty years, since first he had been privileged to address them in words of kindly greeting. Since then, on different occasions the calls of ministerial duty had brought him among them Not only had he often delivered to them the gospel message, but he believed he had baptized from two to three score of their little ones, no longer babies now, but before him—many of them perhaps—in the full flush of life. No work had of late years given him more encouragement than the work of evangelizing the young. He was gratified to see additional evidences of that work here, and congratulated West Glassville in having already taken the lead in organizing a vigorous C. E. Soc. He hoped the one about to be organized in Central Glassville, would quickly follow suit in Christian zeal and christian success. C. E. Soc's were not very old, dating back only about twelve years, when the first was organized Since then they had sprung up in every land—all round the world, and claimed a membership of a million and three quarters. They had likewise been the means—being non-sectarian—of stirring up all churches to a livelier sense of christian duty. One thing he wished to impress upon his hearers, these societies were not intended to take the place of the church—to supersede the church, not at all. Dr. Clark of Portland, who gave birth to them, was induced to do so from the evidences of strong spiritual life which were manifested by the young of his church. After much private meditation and prayer, he called a public meeting and drew up a constitution, which was signed by at first twelve or sixteen young persons; and the ship was launched. The movement was thus the child of the church—it was born in the church—it was intended to strengthen the church—it bore on its crest the motto, *For Christ and His Church*. We know now that the church needed such an organization. And no section of the church needed it more than we Presbyterians. These societies were eminently calculated to develope the inner life of the young, and to comfort and to bless Moreover, as to the outer life, they gave rise to conventions;—to local unions of christians, meeting in different churches in the same neighborhood, to county unions at which delegates from different local societies, to which one to be speedily held at Cleveland, he cordially invited his Glassville friends, and earnestly hoped to see delegates from Glassville,—to state unions, gatherings on a still larger scale,—and lastly to international unions, to such as was held lately at Montreal, at which it was his privilege to be present, and to witness a gathering of 10,000 Christian Endeavourers, present *en masse* in meeting, all listening with eagerness to such men as the late Dr. Douglas, and others of our most noted divines and philanthropists—leading men from all churches, Presbyterians, Baptists, Methodists—missionaries from all lands, India, China, etc.—a great christian gathering, including representatives from all the nations of the earth.

Mr. McKay then read articles of Constitution, explaining and commenting on them seriatim, dwelling especially on the pledge which he justified and highly commended. On motion by Rev. Mr Bearisto, seconded by Mr Robert Mackintosh it was then unanimously resolved there and then to organize a Christian Endeavour Society; and, a membership list being opened 15 active members and 13 associate members were enrolled. As the hour was late, it was deemed advisable to postpone further business till the evening of Thursday the 14th, when a meeting was called to be held in same place at 7 30 p. m. The benediction was then pronounced and the meeting seperated.

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid, laxative, Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

Bristol Items.

June 13.

The part of the Shiktehauk bridge that fell last week has been, after an unnecessary amount of delay, repaired and is again open to travel. The delay was caused by the fact that the Supervisor claimed that Logan who is to build the new bridge, had also agreed to keep the old one in repair, until the new bridge was completed. Mr. Logan was not here and so the delay was caused. A satisfactory arrangement was made, and the repairs done on Saturday.

Mr. Baird, the contractor, for the new bridge over the Shiktehawk near Lockhart's Mill commenced work last Thursday.

Bristol has lost a well known land mark, by Mr. James Bell tearing down his old house, which stood near the upper end of the bridge, and was next to the oldest building in the village.

Mr. Herbert Boyer is receiving congratulations upon an interesting domestic event—a son.

Rev. Mr. Hayward received one into membership of the Baptist Church, after service on Sunday evening.

Uncle Tom's Cabin Company drew quite a large crowd to the village last Wednesday night. The show was well attended, and those present expressed themselves as well pleased with the entertainment.

Mr. John B. Morgan spent last week in Bristol, in the interest of the Great West Assurance Company, and did considerable business.

Two weddings are reported to have occurred last Sunday, in both of which our citizens were represented.

Mr. Chas. Mead has been making some marked improvements to his residence, adding much to its appearance.

Heavy Failures.

MONTREAL, June 7.—The failure record here has been very heavy since the beginning of June. On an average six firms have assigned daily.

To day Numa, Royer & Co., dry goods, Quebec, assigned with liabilities of $24,000, owing mostly to Montreal firm.

Grechon & Co., Montreal, church ornaments, also assigned to day; liabilities, $40,000.

Several other firms are in difficulties and assignments are expected hourly.

MONTREAL, June 8.—The firm of Marsan & Brosseau, hay dealers, which failed with liabilities of $209,000, will pay less than one cent on the dollar.

Tobique River Items.

June 10, 1894.

Mrs. Elbridge Everett is considered somewhat better.

Miss Delia Fullerton is improved in health since her return home.

Mr Finlay holds service to-day at Riley Brook and Dow Flat.

Rev Mr. Hopkins officiates at the Fullerton—Day wedding at Sisson Ridge.

The surveyors have returned from locating the line between the lands of the government and Railway Co.

The T. V. R., and mill in connection ceased operations, discharged the hands, hired them over again, and recommenced this week.

Mr. and Mrs. David Jenkins have moved across the river, where they will occupy the building vacated by John Tapley, Esq, the latter having removed to Riley Brook.

Major Hartley has been up on one of his occasional trips with millinery and fancy goods to fill orders received on previous occasions Americans who deny the appreciation of style in the Province will please take notice.

William Colwell, whose trip to Nictor Lake several years ago, with mine host Johnston, is still very interesting matter to listen to, has started again in the same direction, to fish and explore accompanied on this occasion by his brother and furnished with a canoe.

The peregrinations of "Uncle" George Everett between Dow Flat and Perth have culminated in the expected catastrophe. The happy lady, heretofore known as the widow Grant, was the recipient of numerous presents, some of them quite valuable. Rev. J. J. Barnes officiated.

It is reported that some of the family of Mr. Al. Williams, found some manganese the other day on their farm. It is added that the next day they found a specimen which Mr. Williams broke up and found to contain considerable of a bright yellow metallic deposit, which is believed to be gold.

Mrs Joshua Brown, of Sisson Ridge, who has been so sick as to be unable to lie down since Easter Sunday last, terminated her sufferings on Monday, June 4th. Thus another of the old residents of the Tobique River has passed away. The officiating minister at the funeral was Rev. J. N. Barnes.

Rev J. R. Hopkins preached, as per appointment, at the Burnt Land Brook church this morning in connection with the usual form of Episcopal services. His text was the words attributed to Moses in Deut: XXIX, 29. "Secret things belong unto the Lord," etc. The Rev. gentleman spoke well, carefully avoiding those extremes which make shipwreck of so much preaching unless in the latter class we include the advocacy of the Bible as the one standard of "what is revealed." This no orthodox christian can well deny.

LAZARUS.

Latest Novelties in Windsor Scarfs, Silk and Taffeta Gloves, Hosiery, etc., just opened at B. B. Manzer's.

Debec Items.

June 12.

We are having fine growing weather at present, the crops in this vicinity are looking fine.

Rev. Thos Pierce the Methodist minister of this place, will leave the last of June; Mr. and Mrs Pierce have won the esteem of the entire community, and will take with them the best wishes of all.

Hood's Cured After Others Failed

Scrofula in the Neck—Bunches All Gone Now.

Sangerville, Maine.

"C. I. Hood & Co., Lowell, Mass.:

"Gentlemen:—I feel that I cannot say enough in favor of Hood's Sarsaparilla. For five years I have been troubled with scrofula in my neck and throat. Several kinds of medicines which I tried did not do me any good, and when I commenced to take Hood's Sarsaparilla there were large bunches on my neck so sore that I could not bear the slightest touch. When I had taken one bottle of this medicine, the soreness had gone, and before I had finished the second the bunches had entirely disappeared." BLANCHE ATWOOD, Sangerville, Maine.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.

Hood's Sarsaparilla Cures

Hood's Pills cure constipation by restoring the peristaltic action of the alimentary canal.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 75c. bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

WILKES STALLION!

Red Glen

(10,886)

Red Glen, foaled in 1889, is a Mahogany Bay, stands 16 hands high and weighs 1100 lbs. The fastest trotting bred pacing stallion in N. B., without a doubt. And why shouldn't he be, from such a great horse as the immortal Red Wilkes, a horse of great substance and power with a trial of 2.27 fifteen years ago, weighing 1350 lbs, and the sire of such game ones as Blanch Louise 2.16 Red Bell 2.11½, Wabash 2 13, Prince Wilkes 2.14½, Island Wilkes (5 years old) 2.13½, Red Line 2 15, Allie Wilkes 2.15, Ralph Wilkes (3 yrs. old) 2.13½, also 2 yr. old record of 2 18, so that he has eight performers with a record better than 2 15; twenty with records from 2.15 to 2 20, and sixty-five others from 2.20 to 2.30 It will thus be seen that Red Wilkes' 2.20 list is a great many more than some of the great sires get in the 2 30 list. That Red Wilkes is the greatest sire living is proved by his 2.30 performers; no horse has yet competed with him at his age in one single season he put twenty-eight 2 30 performers in the list; that one season stamped him a great sire. A stallion may sire some game race horses and his sons and daughters not produce, but not so with the sons and daughters of Red Wilkes. We will see what W. C. France & Sons' catalogue says in regard to the produce of Red Wilkes' sons and daughters; we will give the record of some of them:—Allie A. Pacer 2.20, Gilman, 2 yrs. old. 2 20, a good one; John R. Gentry, 3 years old, 2 13; Best Oliver, 4 yrs. old, 2 19½; President Wilkes 2.19½, Wilkie Knox 2.10½, Eilard 2.19½, Woodshed 2 13½, Florida 2 14, Pat Murphy 2 20. As these are only a few of his sons fast performers it will be seen his sons have sired extreme speed. Now for a few of his daughter's produce:—Evangeline 2.11½, Best Oliver 2.10½, Bee Line 2 19½, Delegate 2.19½, Sir Albert 2 20½ and seventy more from 2 15 to 2 30.

George Wilkes 2 22 the grand sire of Red Glen and sire of Roy Wilkes (P) 2 06½, Harry Wilkes 2.13½, Wilson 2.16, and twenty-eight others from 2.15 to 2 20, and fifty-two more from 2.20 to 2 30, and sire of eighty seven sons who have sired over 1800 performers which is more 2.30 performers than any three of our greatest trotting families have sired.

The dam of Red Glen is Stella, trial 2.24½, by Lumps, 2.21 in a race, last half in 1.04, a 2.06 clip. That Lumps is a great race horse is evident by his great natural speed and being sire of Elk, 2.15; Clags-mate, 2.17, and sixteen more in the 2 30 list. 2nd. dam of Red Glen is Maori Clay by Harry Clay, 2 29, one of the greatest brood mare sires; he sired the dam of Electioneer which was Green Mountain Maid. Electioneer, the dead hero, has 142 in the 2.30 list, 40 with records better than 2.20 and three better than 2 10, namely; Arion 2 07¼, Palo Alto 2 08, Sunol 2 08. Green Mountain Maid has also nine with records better than 2.30; this stamps Harry Clay one of the greatest of brood mare sires living.

Harrietta's (2 09¼) dam was by Harry Clay. This mare took her record in a hard fought race which she won; her turf earnings in 1893 were $14,500; she also was purchased the past winter for $10,000 You see blood will tell they have got to have it and the best of thoroughbred blood, too. Third dam by imported Australian thoroughbred, sire of the 2nd dam of Alcantara 2.23, and Alcone record 2 27, by George Wilkes, 2.22, and are full brothers, and the sires of 112, 2 30 performers, including such game and fast race horses as Martha Wilkes 2.08, Harrietta 2.09¼, Nightingale 2.13, Belina 2.13¼. The blood of Australian is found in many of our fastest ones. Fourth dam by Lexington, one of the fastest runners of his day. Saltator holds the running record of the world, one mile in 1.38½ seconds, whose dam was by Lexington, 2nd. dam by Glencoe Sunol, 2.08½. J. T. C., 2.06¾ and Fantasy, 3 yrs. old, record of 2.08½, the champion colt trotters of the world, were out of daughters of Lexington. Nancy Hanks' 2nd. dam was also out of a daughter of Lexington.

Red Glen's 5th dam was by imported Glencoe, sire of the 2nd, or 3rd dams of such game fast race horses as Attorney Jnr, race record of 2.15¾ Favoria 2,15, Lena Hill, 2 yrs. old, record of 2.12½, Little Alix 2.07½, Cronos 2.12½, Conqueror, 3 yrs, 2 17. Red Glen's 6th. dam was by Boston, another champion thoroughbred runner, who won many hard fought battles on the turf, and sire of the 1st. dam of Axsel, 3 yrs. old, record 2 20, the 2nd dam of Maud S 2.08¾, the champion of her day, also the 2nd dam of the great Nutwood record 2.18¾, and sire of 115 performers from 2.06½ to 2 30, Baloon 2.14¾, Furman 2.12. So it will be seen that our fastest trotters and our greatest sires have for their 2nd. dam a strictly thoroughbred mare, our fastest, gamiest race horses that won on the turf in 1893 were from mares that carried a large percentage of thoroughbred blood from 1st to 3rd generations, they have to have it in order to stand up and fight out a hard fought battle.

Now gentlemen, you can see by the great breeding of Red Glen that he is bred in gilt-edged lines, and as an individual he is second to none. His hair is fine as silk and very glossy, as beautiful a head and neck as ever was put on a horse, his back and legs and feet are hard to duplicate. His disposition is perfect, very kind and gentle with lots of nerve and courage. As for speed he has lots of it; he has pulled me better than a 2.30 clip hitched to a road cart. It is our intention to have him go into a professionals hands after stud season is over. I don't think, gentlemen, there will be the least trouble for him to go a mile in 2.15 or better, when put into a trainer's hands, as he comes from the greatest trotting families in the world. We will say here, we have no colts to give away, but we have the goods to please you, of this we are confident.

Service Fee, $25.00.

Return Privilege.

Connell's Block. Main Street

IN THE LINE OF CARRIAGES

We are better prepared to meet the general wants than ever.

BEFORE you buy look over our Stock of

ROAD WAGONS,
CONCORD WAGONS,
OPEN BUGGIES,
TOP BUGGIES,
JUMP SEATS,
SURREYS,
PHÆTONS,
MIKADOS,
CARTS,
and EXPRESS WAGONS.

And if you are not suited you are indeed hard to please. The vehicles we are showing are admitted by all who have seen them to be the finest ever offered in Woodstock. And the prices are right, too.
