There is not a medicine in use today which possesses the confidence of the public to so great an extent as Johnson's Anodyne Liniment. For more than eighty years it has stood upon its own intrinsic merit, while generation after generation have used it and transmitted the knowledge of its excellence to their children as a valuable inheritance. The best evidence of its value is the fact that in the state where it originated the sale of it is steadily increasing. I. S. Johnson, Esq. My Dear Sir:—Fifty years ago this month your father, Dr. Johnson, called at my store and left me some Johnson's Anodyne Liniment on sale. I have sold it ever since. I can most truly say that it has maintained its high standard and popularity from that time to this.

JOHN B. RAND, North Waterford, Maine, Jan., 1891. I have used your Johnson's Anodyne Liniment for more than fifty years in my family. Have used it for colds, coughs, sore throat, stings, cramps, sore stomach, rheumatism, lameness, colic, toothache, neuralgia, etc., and found it always good every way. I would not let my house be without it. I am a man 71 years old. Johnson's Liniment is my family remedy. Thomas Cleland, So. Robbinston, Me.

This certifies that Dr. A. Johnson, whose name is signed to every genuine bottle of Johnson's Anodyne Liniment, in the month of Jan., 1840, first left at my store some of the same. I have supplied my customers with it ever since, (over fifty years) with increasing sales. I have used it in my family for sprains, coughs, colds, lame back, and consider it the best.
