WHOLESALE

We're after him; we want to fit him out in one of our Suits-dress or scuff-got all kinds, strong and rightly made, and you're sure to get your money's value every time. We don't care so much about making the one sale to the boy, but we look ahead, as the years roll by to the dollars we expect to get from him-that is the reason we shave our prices out so thin, knowing that the profit on a number of suits crowns for us better results than high price on one.

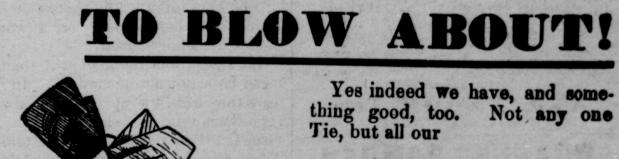

Our Store has been crowded lately, but all are buying Men's Suits. That's all right, but we got a big line and a new lot added of Children and Youths' Suits.

Look at the Bargains offered for Children 4 to 11 years old, displayed in our windows—in three shades, all wool, at
