THE ACME OF PERFECTION.

Diamond Dyes Superior to all Others.

Colors bear a relation to each other something like that of the musical notes, and there is a harmony of colors, analogous to that of musical sounds. An exquisite taste in the combination of colors may be the result of a nice perception of these relations, in the same way that an exquisite taste in music is produced by a nice perception of the relations of musical sounds. It is unquestionable that there are some combinations of color which are universally pleasing, and others as universally disagreeable, independently of any associations or acquired habits. To the connoisseur and lover of colors, no more lovely or beautiful sight can be presented, than the tasteful arrangement of over forty standard colors of Diamond Dyes, and the one hundred rich shades and tints which are produced from them. Diamond Dye colors are scientifically prepared, and when used according to directions in the home, the results are pleasing and truly grand. It would require a good sized volume to describe their uses and possibilities, and to tell the comfort, joy and pleasure they are capable of giving.

Mother's and daughter's dresses are made new by them; their wraps, jackets, shawls, ribbons and hose are with little trouble renewed for home and street wear. Father's and son's suit are made to look brand new; and any cast off article of wearing apparel can be made to blossom as the rose. This work of transformation, remember, can only be successfully accomplished by the invincible Diamond Dyes.

Warning To Women.

Ladies who appreciate the high quality of Priestley's Dress Goods should make it a point to see that Priestley's name is stamped on every five yards. Instances are now unknown where Priestley's trade mark the "Varnished Board" has been used the second time with inferior goods wrapped upon it.

Ladies, call and see the Latest Styles in Jackets, at B. B. Manzer's.

Meeting of Liberals.

We are requested to ask the Liberals of the Town of Woodstock and near vicinity to meet at Cole's Hall, Tuesday evening next, 5th inst, at 8 o'clock, for the purpose of considering questions of importance to the party. All Liberals will be cordially welcomed.

The Manitoba School Case.

The judicial committee of the Privy Council, England, has reversed the decision of the Supreme Court of Canada in the Manitoba school case. This decision re-introduces the question into politics and may affect the question of dissolution.

The decision is equivalent to an order on the Governor General in Council to hear the appeal of the Roman Catholic minority from the school act of 1890, under the oft quoted clauses of the B. N. A. act. There is a popular misapprehension that parliament will now have the right to pass remedial legislation.

The first step, if the appeal to Ottawa was allowed, would be to issue a remedial order on the province and only in the event of it being ignored would parliament have jurisdiction to exact remedial legislation to enforce the order of the Governor General in Council.

Hon. Edward Blake was the counsel who argued the case for the minority and the result is a feather in his cap.

Carnival.

The skating Carnival, on ice, at the rink Wednesday evening was an unqualified success. The number of maskers was large and the costumes admirable. The ice was in good condition, the attendance of spectators numerous, and too much cannot be said in praise of the manner in which the Cornet Band performed their part in discoursing strains of zest giving music.

The judges to award the prizes were Messrs. Grenville James, Hugh Harrison and Harry Fairweather, (St. John.) There were so many excellent costumes the judges had a critical and unenviable duty to perform, but their awards were quite as satisfactory as judgements of this kind generally are.

Miss Pauline Winslow, who represented Stars and Stripes, won the lady's prize for "best representative of character." Honorable mention was made of Miss Georgie Augherton, who represented Daisy Belle; Pocahontas, Miss Minnie Collins; Night, Miss Lena Griffith; Art in Tissue Paper, Miss Ethel Baird.

The Highlander, represented by Fred. L Hay, carried off the gent's prize, and honorable mention was made of The Imp, well exemplified by Frank Fisher; Indian, C. I VanWart; Miner, E Clark; Cowboy, S. Whitmore.

Messrs. Holyoke Bros. are to be congratulated on their excellent management of the evening's revels on the ice.

Burns' Birthday.

The 136th anniversary of Burns' birthday fell on Friday last, the 25th ult., and it is something remarkable how generally that event is annually celebrated. Scarcely any similar occasion is so universally marked year after year as this. There must be something peculiarly charming about the writings of the peasant-poet to keep his memory so green among the readers of our vast literature. The young people's guild of the Presbyterian church held a very interesting anniversary entertainment that evening. The basement of the church was completely packed with eager listeners to the programme, which, though not long, was admirably rendered. Mr. J. M. Walker, the president, was warmly complimented on the manner in which he managed the entertainment.

Prentice Boys.

On Wednesday evening a Lodge of 'Prentice Boys was organized in the Orange Hall, under the auspices of L O L, No. 38. There were sixteen charter members, and the new society is named Willis Lodge, No. 17. Mr. William Rossborough, grand organizer, was aided in instituting the Lodge by Grand D O. C, George S. Wiggins and Co. Master David Hipwell. Capricornus was in a healthy and vigorous condition, and they rushed the boys through in right good style, much to their edification.

Cold in the Head and How to Cure It.

One of the most unpleasant and dangerous maladies that afflicts Canadians at this season is cold in the head. Unpleasant, because of the dull, heavy headache, inflamed nostrils and other disagreeable symptoms accompanying it; and dangerous, because if neglected it develops into catarrh, with its disagreeable hawking and spitting, foul breath, frequent loss of taste and smell, and in many cases ultimately developing into consumption. Nasal Balm is the only remedy yet discovered that will instantly relieve cold in the head and cure in a few applications, while its faithful use will effectually eradicate the worst case of catarrh. Capt. D. H. Lyon, president of the C. P. R Car Ferry, Prescott, Ont., says: "I used Nasal Balm for a prolonged case of cold in the head. Two applications effected a cure in less than twenty four hours. I would not take $100 for my bottle of Nasal Balm if I could not replace it." Sold by all dealers or sent by mail postpaid, at 50 cents per bottle, by addressing G. T. Fulford & Co., Brockville, Ont.

Since the delivering of Hon. Mr. Laurier's splendid speech at Montreal, conservative papers don't have much to say about a want of policy on the part of the liberals.

Seize The Opportunity At Once.

When the opportunity occurs to escape from death only lunatics will refuse to do it. But there are many consumptive people lying on death beds who can escape the threatened doom if they will take Miller's Emulsion of Cod Liver Oil. Some are not aware of such a preparation, and if they die it will be the result of ignorance. Those who know that Miller's Emulsion makes new blood and enables the consumptive to get strength to overcome the disease are self destroyers if they still neglect to obtain the life-giving remedy. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colds, Bronchitis, Scrofula, and all Lung affections. In Big Bottle, 50c. and $1, at all drug Stores.

A WISE WOMAN.

She was Weak, Nervous and Dispirited and Found no Benefit From Doctors Treatment—She Was Induced to Give Pink Pills a Trial and is Again Enjoying Health.

From Canadian Evangelist, Hamilton.

We are often asked: "Do you think Dr. Williams' Pink Pills are any good? Do you think it is right to publish those glowing accounts of cures said to be effected by the Pink Pills?" Of course, we think the Pink Pills are good, and if we did not think it right to publish the testimonials we would not do it. Perhaps it is not to be wondered at that people ask such questions, when they hear stories of clerks being employed to write up fictitious testimonials to the efficacy of some cheap and nasty patent medicines. The Dr. Williams Medicine Co. do not follow that dishonest practice as there are few places in the Dominion where the marvellous efficacy of Pink Pills has not been proved. Their method, as our readers may have observed, is to publish interviews which representatives of reputable and well known journals have had with persons who have been benefitted by a course of Pink Pills, thus giving absolute assurance that every case published is genuine. Several such cases have come under the notice of the Canadian Evangelist, the latest being that of Mrs. T Stephens, of 215 Hunter street west, Hamilton. Mrs Hunter is quite enthusiastic in her praise of Dr. Williams' Pink Pills, and is very positive that they have done her a great amount of good. Her trouble was indigestion and general debility. For about a year she was under a physician's care without deriving any benefit therefrom. About three years ago she was induced by a friend to give Pink Pills a trial. When she began their use, she says, she felt dreadfully tired all the time, was weak and nervous, had a pain in her chest and was very downhearted. Her father told her she looked as though she was going in "a decline." She replied that she felt that way, whether she looked it or not. It was not long after she began to take the Pink Pills before she noticed an improvement in her health and spirits. The tired feeling wore away and her strength returned, the extreme nervousness vanished and her spirits revived. It is now about two years since Mrs. Stephens ceased taking the Pink Pills. She has had no return of her former troubles during all that time. She is now strong, healthy and cheerful and is very emphatic in declaring that she owes to the Pink Pills her present satisfactory state of health and has, therefore, no hesitation in recommending them to those afflicted as she was.

Members of the Dominion Cabinet have resumed their canvassing tour in the west.

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well informed people will not buy other laxatives, which act for a time, but finally injure the system.
