Town Council.

25 h Jan., 1895. The new Mayor and Town Council enter ed upon the duties of offi e this evening in presence of quite a large number of ratepayers. The formal notices of returns and fyling of qualifications were end by the Olerk and all the Councillors being present but Mr. Moore, who declined the seat, his worship Mayor Saunders declared the Council organized and delivered the following

INAUGURAL ADDRESS. GENTLEMEN,-It is a source of great satisfaction to me to have associated at this time with me, in the administrarion of the affairs of the town, men of the business capacity ability and experience of the present council and it is scarcely necessary for me to remind you of the great responsibilities that are now resting upon you. No doubt you gave this matter every consideration before you offered your services as representatives at this Board and I sincerely hope that nothing of a sec tional or personal teeling will creep in to mar the peace and harmony which should exist

not be as well posted in all the details as I would have been had I had the opportunity. Gentlemen, I now intend to give my very best care and attention to the situation, and master if possible all the different phases of the work as your chairman or presiding offi cer, and I shall not try to assume to myself that duty that belongs to you. It does seem to me that it is not in the jurisdiction of the Mayor to attach to himself the right or pre-rogative to run the whole machine, but simply to preside over your meetings, give a general oversight to all the departments, assist, advise and help, when necessary, in every way to further your plane and considerations. I am pleased you have given me the honor and shown your confidence in me in allowing me to name and select the different committees who shall have charge of the different departments of work during this year. I have tried to conscientiously recommend men upon whom a majority would agree, and associated together in such committees those who would work harmoniously together. As you have given my nomination your hearty

support and ratification it makes me feel you have appreciated my judgment. I notice for the year 1894 that the amount assessed was TIENDERS - " be received until January 30th, \$18,888 75. It will now be for you to carefully consider, as you look into the several to estimates made for the departments, whether you can make any improvements in these and if it is necessary to increase or diminish them, and I have full confidence in you that o improving the streets is now receiving con siderable attention. I know you are practical men and that you will be guided by fair play and the justice of the d mand, and some scheme will be devised that will work in the interests of the whole town. I feel that our fire department should have some more consideration at our hands, and that a room should be given them where they can spend an evening together without being compelled to sit in a room crowded with ladders, carts

gade Their remuneration is small, not enough to pay cometimes for the clothing that they Swellings, Lameness, Rheumatism, destroy at one fire. Let ue deal fairly by hem. In some small way recompense them for their great care and watchfulness.

Now, gentlemen, in conclusion, I would respectfully urge upon you the necessity of making a careful inspection of the different departments with which you are connected, take a full inventory of all the stock on hand, the probable wants, and leave no stone urturned to make this year noted as the best regulated, most carefully conducted in the history of our town affsire, and when we come to hand back to the ratepayers the trust

and all the paraphernalia incident to a fire bri-

that they have reposed in us, it will be with the honest conviction that we have all done the best we could. The Mayor then nominated the following Finance—Vanwart, Carr and Bailey.

At the present time there are thousands of valuable lives in jeopardy in our country, and men and women are anxiously seeking for help. Many are cruelly suffering and in deep distress. Mis. George Durant, a lady living in Elma, Dundas Co., Ont., was cured of liver and kid-ney troubles after the failure of several physicians; she writes as follows:-"Permit me to record my testimony in

favor of your excellent preparation, Paine's Celery Compound. For many years I have been a sufferer from liver and kidney trou-bles, and have doctored with several physicians, but only found relief for a very short time. My husband advised me to try your Compound. I did so, and found so much relief from the first bottle that I continued, and am now using the third bottle. Your Compound has done more me than any physician. For months before using the Compound I never had one night of sound eleep ;
