What Am I to Do? The symptoms of Biliousness are unhappily but too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events. The digestive system is wholly out of order and Duarrhosa or Constipation may be a symptom or the two may alternate. There are often Hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try Green's August Flower, it costs but a trifle and thousands attest its efficacy.

Lawyer (to client)-I defended you once before-let me see, was it not a Client (warmly)-Of course it was! paid you thirty marks, and got six weeks notwithstanding!
