Lunatics often assume a superiority of ntellect to others which is quite smusing. A gentleman travelling in England some years ago, while walking along the road, not far from the side of which there ran a railway, encountered a number of insane people out for exercise in charge of a keeper. With a nod toward the railway tracks, he said to one of the lunatics, 'Where does this railway go to?' The lunatic looked at him scornfully a moment, and then replied: 'It don't go anywhere. A PARALLEL CASE

People in Detroit are Interested in a Great Resemblance in Two Cases.

DETR IT. Mich . Aug. 26-Much interest been manifested here over the recovery of Mr. G. H Kent, of Ottawa, from Bright's disease by using Dodd's Kidney Pills, a remedy which is now in universal use, and many people have a clear recollection of the similar case which occured in London, Ontario, not long ago namely, that of Mr. Wm. Langley, who for sometime was an inmate of Harper's Hospital here and was operated upon without effect by several Detroit physicians. It was owing to this connection with Detroit and the long accounts published in hed in the press that so much interest was taken in the case, and led to such an enormously noreased sale of the medicine.

The reputation our threshers have attained has placed them so far above all competitors that they have become the standard Threshers of the Maritime Provinces, and it is unnecessary for us to attempt to describe the numerous points wherein they excel.
