Woodstock. N. B., March 26th, 1895.

The way a number of people did who put off ordering a Crown Mower until the 10th of July and found them all sold.

Tnanking those of our customers who obtained their Crowns, for their patronage, we wish to call their attention as well as those who got left, to the fact that we have only 24 Little Giant Threshers for sale this season, and that if they wish to purchase, it is advisable that their orders be placed as soon as possible. The reputation our threshers have attained has placed them so far above all competitors that they have become the standard Threshers of the Maritime Provinces, and it is unnecessary for us to attempt to describe the numerous points wherein they excel. They are well known to thresh fast, save grain, and clean it in a first-class shape. We guarantee them to be the most durable machines in the market, costing less than \$5,00 per year for repairs.
