THE VARNISHED BOARD

Women are not all Beautiful but all women are attractive who are beautifully dressed.

Beauty unadorned may do in poetry, but the nicely fitting gown is the desire of every true woman. Priestley's dress fabrics have done much to realize a woman's ideals by offering, in their texture, appearance, fit and wear, a character and distinction, which no other derss goods, however excellent, have quite attained to. And now Priestley's have something new. The "Eudora' is all the rage. It is even better than the Henriettas so much admired. The "Eudora" has something which the Henrietta lacks—to wit: greater width, greater weight, and a superior dust shedding quality. And then it has an exquisite surface which gives it an almost regal presence. Wrapped on "The Varnished Board," and the name, Priestly, stamped on every five yards.
