The news reached here last night that GT Baird, MPP has been appointed to a seat in the Senate. This will create a vacancy in the local Legislature. It is very improbable that there will be any coatest for the seat, as only one session is in view previous to a g neral election for the province. The Hon Senator Baird was receiving the congratulations of his friends with a smiling counten ance, but it is well known that there are a few whose vision is tinged with the colour of jealousy op account of Mr Baird's success.

Mr Jas E Porter is spoken of as the possible MPP for the next session.

Purified Blood

Saved an operation in the following case. Hood's Sarsaparilla cures when all others fail. It makes pure blood. "A year ago my father, William Thompson, was taken suddenly ill with inflammation of the bladder. He suffered a great deal and was very low for some time. At last the doctor said he would not get well unless an operation was performed. At this time we read about Hood's Sarsaparills and decided to try it. Before he used half a bottle his appetite had come back to him, whereas before he could eat but little. When he had taken three bottles of the medicine he was as well as ever."

FRANCIS J. THOMPSON, Peninsula Lake, Ontario. Hood's Sarsaparilla

Woodstock, June 12, 1895 .- tf-24

Several English journals are calling attention to a coincidence which connects the decrease of the national debt in England and the increase of local indebtedness. Since the Crimean war the English national debt has decreased by more than \$500,000,000, while the local indebtedness in the same time has incressed by mearly the same amount and stands at \$1,050,000,000, or some 30 per cent, of the national debt. The same coincidence is observable in the United States. A mild laxative, do not sicken-the be
