What is Sponge Crepon?

This question has frequently been asked. SPONGE CREPON is the Ideal Interlining, and is pronounced the BEST ARTICLE for the purpose that is manufactured, and no matter to what crushing it is subjected if shaken out it will at once regain its former shape. It keeps the puffed sleeves and fire skirts in shape, and will be used altogether for an Interlining as long as tachien do: terlining as long as tashion decrees the present sleeves and skirts.
