ARNISHED "Are they not exquisite in their soft rich. BLACK ness?" is the constant remark of ladies DRESS touching Priestley's famous black dress goods. And that is the truth, but it is not FABRICS the whole description, for they have a character for refinement, for wearing and draping quality, which no other dress goods can lay claim to. The Priestley's appear to have gathered up all their excellences, and concentrated them in "Eudora," the latest black dress fabric they have given to the world. In every respect equal to the famous Henriettas, it surpasses them in extra width, and weight, and in dust repelling quality. It is wrapped on "The Varnished Boara" and Priestley's name is stamped on every five yards.
