WOODSTOCK, N. P., SATURDAY, SEPTEMBER 21, 1895.

Comenius, the Father of Modern give perfectly clear general ideas as you go on. Principles must be thoroughly taught; and rules worked out, not memorized first. Everything committed to memory, should first be thoroughly understood. Object lessons should be freely used; children should

see, if possible, the use of what they are ex- HEAD OFFICE, John Amos Comenius was the son of a pected to learn; they should be taught from niller; and was born at Comna—hence his nature as far as may be; and in such a way name, "Comenius"—in Moravia, 1592. He that they will be able to communicate to was early left an orphan; and did not study
Latin—then the principal study in all schools

There are to be four kinds of schools:

The mother's, at home, in which the child -till he was 16. He made great progress, should be instructed in morals and religion, studying chiefly in Herborn, Nassau. Read ing a report on Ratke's methods, there in Removing to Bohemia, he published his and include Grammar, physics, mathematics, n 1616 The same year he returned to In the parish school, none but the common

to fall was Fulneck, in 1621. It was sacked by the Spaniards, and Comenius lost everything he possessed. In 1624 the persecution forced him to take refuge in the mountain

Czechs, never to return.

He settled at Leszno (Lissa) a Polish town, in what is now Prussian Poland. There he taught the Moravian school, studied the works of preceding educationists, and published his great work, the "Janua Linguarum Resereta"—The Gate of Languages Unlooked—in 1631. It became famous over all Europe and parts of Asia, being translated into nine European and three Asiatic languages

The idea of the Janua was obtained from the works of Batty, an Irish Jesuit. The inations, etc., in the afternoon.

the works of Batty, an Irish Jesuit. The Jesuits being hopelessly wedded to their iterary system of education, neglected Batty's sugestions, and it remained for mate and Scenery.

secounts, in a great measure, for the social The Janua was an account of things in general, written in the form of a dialogue, and in such an attractive way at to enable pupils to learn languages easily and rapidly. It discarded the old, dry method of memorizing rules before teaching the heart of memorizing rules before teaching the heart of the matter, and aimed to make instruction of the matter, for the matter, for the matter, for the matter, for the matter, and aimed to make instruction of the matter, and aimed to make instruction of the matter, and aimed to make instruction of the matter, for the matter, and the form of a dislogue, and the others of the Dominion. And the matter of the matter, for the matter, fo

worked forty years.

Wandering around Europe, he finally settled at Amsterdam, about 1656. There he published the "Orbis Pictus; and collected and published all his works under the title of "Opera Didactica," about the same time. He died there, in peace and comfort, in 1671, after a long life of seventy-nine years.

II. HIS PRINCIPLES OF EDUCATION.

II. HIS PRINCIPLES OF EDUCATION.

Comenius' primary idea was that, while man has a three-fold life—vegetative, animal and intellectual—the last alone is real.

Therefore, man must know all Science-

surroundings and all about himself.

Spiritual Effects of Strong Drink.

An editorial in Topics of the Time, of December Century says : 'This loss of self-respect, the lowering of ambition, and the fading out of hope are signs of the progress of this disease in the character. It is a mournful spectacle—that of the brave, ingenuous, high spirited man sinking steadily down into the degredation of inebriety; but how many such spectacles are visible all over the land! And it is not in the character of those alone who are notorious drunkards that such tendencies appear. They are often distinctly seen in the lives of men who are never drunk. Sir Henry Thompson's testimony is emphatic to the effect that 'the habitual use of fermensuch use of them must result also in serious physicians, artists, clergymen even, who were duct, certain melancholy effects of the drinkly performed; and there is a perceptible loss those who know him best are painfully

A Parsee sacred fire which is burning in a temple at Leiguie, Persia, is known to have not been extinguished since the days of Rupibereth, who lived twelve centuries ago.

The conclusion arrived at by this busman is correct. We often wonder how many of the people of this county know and appreciate the fact that here may be found, travel through whatever section of Carleton you will, scenery in small limits and in extended stretches as magnificent as can be seen anywhere.

Turbulent streams in fine falls, swirling eddies, charming cases described lakes and

Consumption may be more easily prevented than cured The irritating and harassing cough will be greatly relieved by the use of Hagward's Pectoral Balsam that cures coughs, colds, bronwaters ape; still life and active life. Scenes such as these, most attractive, often sublime, are all around us, and in view of which, one may feel the inspiration of the poet and with thankfulness exclaim—

The traffic returns of the Canadian Pacific Railway from 1st January to 31st July, 1895, showed net profits of \$3,096,850 against \$2,showed net profits of \$3.098,850 against \$2.760,498 over the same period of the proceding year, an evidence of some improvement in general business.

Do our town people properly realise and enjoy these home attractions? do they realize, when going abroad to visit scenes, localities, and well advertised resorts, how much of the grand and beautiful in nature they South American Rheumetic Cure, for Rheum-tism and Neuralgia, radically cures in 1 to 8 questions will be answered in the affirmative

> The following decisions of the board of customs have been approved by the controller

L. W. Palmer, of London, Eug., had one pine), when for ornament of person, 25 per room of his house papered with cancelled one penny stamps. It took 70,000 to complete the job.

pine (common), 30 per cent.

Hair pine of celluloid, bone, ivory, horn or tortoise shell, 20 per cent.

Hair pine of rubber, 25 per cent. I certify that there is nothing near as good as Dr Low's Worm Syrup. My children used to cry for it. Our storekeeper keeps it on hand, and it sells like hot cakes. Isinglass, 25 per cent.
Sunflower seed in bulk or large parcels, 10

the forke, $27\frac{1}{2}$ per cent.

Harness leather, $17\frac{1}{2}$ per cent.

Artificial essential oil of wintergreen and

Brase springs, 30 per cent. Rosewater and orangewater, non alcoholic. Advertising rules and yard sticks, 35 p. c. Hay presses, portable, 30 per cent. Ditto, stationary, 27½ per cent. Bread knives, not plated, 32½ per cent.

For people to say there is no cure for con-sumption. Sufferers from that dread disease

duty was to live French, if they would, but
