Has Endorsed 1810. There is not a medicine in use today which possesses the confidence of the public to so great an extent as Johnson's Anodyne Liniment. For more than eighty years it has stood upon its own intrinsic merit, while generation after generation have used it and transmitted the knowledge of its excellence to their children as a valuable inheritance. The best evidence of its value is the fact that in the state where it originated the sale of it is steadily increasing. I. S. Johnson, Esq. My Dear Sir:—Fifty years ago this month your father, Dr. Johnson, called at my store and left me some Johnson's Anodyne Liniment on sale. I have sold it ever since. I can most truly say that it has maintained its high standard and popularity from that time to this.

RADICAL CHANGES Have Taken Place in Medical Practice Dur

ing the Past Few Years

HAMILTON, Feby 18-A radical charge has taken place in the past few years in medical practice. Large nauseous doses are no longer the rule, but, where possible, medicines are ad ministered in the concentrated form of tablets and pills which are more easily taken by the patient. This fact, more than anything else, caused the use of the pill form for that sterning remedy, Dodd's Kidney Pills. These pills are taken. They require no a outle to preserve them as a liquid remedy would, and for this reason are preserable to liquid remedies. Another important feature of these pills is that they have never yet failed to cure any form of kidney

How hard it is to get out of a Rut, Our strong-est reason for doing as we do, is often "Because We Always Have." If you raise wool, or work in wool at home, we wish to say a few plain words, while you give your attention. You pay for carding wool into rolls, six cents, You hire some one to spin at 25c. a day. They do two pounds, this costs you 171 cents a pound, then you beard them it is worth 25c. a day making the spinning cost 25 cents per pound, besides the carding, 6 cents. Now we do all this for nine cents at the factory. Are you in that rut, we wish to help you out.

REMEMBERI W. Woollen Mill is a saver of labor to the wives and daughters, as the mow-ing, raking and pitching machine save labor of husband and boys.
