Asthma and Bronchitis Cured.

SIR.—I consider it my duty, not only to yourself, but to my fellow creatures who are suffering from Asthma and Bronchitis, as I had for some time previous to using your "EMULSION OF CODLIVER OIL with Hypophosphites," to give my testimony to the most wonderful good effect it had. Having affered for some time with Asthma and Bronchitis, accompanied with great nervous exhaustion, and having carefully read your ESSAY on the combination and uses of your EMULSION, I was persuaded to give it a trial, and on using two bottles I began to receive great benefit and relief, and after using three bottles I was completely revived and am to-day perfectly free from either Asthma or Bronchitis, and my nervous system much invigorated and built up. I have found it very pleasant and palatable, and with no taste of oil whatever, and can with great confidence recommend it to those suffering as I did previous to taking your compound. I am. yours, &c.,

Life long liberals are leaving the ranks of their old party and pledging themselves to vote for Young. Rev Geo Howard has been up here and has electrified the upper part of the constituency. I have only heard as yet of one conservative leaving his party, Mr. Flemming having some influence over him. He doesn't think prohibition can ever be obtained through a third party.

His opponents say he is so wedded to the conservative party and such a friend of Foster that he will not be convinced. Mr Flewell ing stated last night in Council that this was not so, he was waiting to hear good sound reasons why he should leave conservatives and vote for Young, a candidate of third party He states that prohibition must be obtained from one of the existing political parties, and the leaders of the third party admit this.
