Series of the combination and uses of your Emulsion, I was persuaded to give it a trial, and on using two bottles I began to receive great benefit and reliefied and after using three bottles I was completely revived and am to-day perfectly free from either Asthma or Bronchitis, and my nervous system much invigorated and built up. I have found it very pleasant and palatable, and with no taste of oil whatever, and can with great confidence recommend it to those suffering as I did previous to taking your compound. A Prohibitionist. To the Editors of the Carleton Sentinel . In Dominion politics I am a Liberal and I am also strongly in favor of prohibition. I take this opportunity of warning the Liberals of Carleton County against pledging their support to any so-called prohibition candidate until they see the card of the Liberal candidate and read for themselves what he says

the Federal Parliament for the last 4 years, and who, no doubt, will be the standard bearer of the Liberal party at the coming election, in his card to the electors in 1891, when prohibition was being very little spoken of and without being solicited to do so, said:

I think your intelligent readers will see that Mr Vince's promise is all we could expect him to make under the circumstances.

Rev Geo Howard has been up here and has electrified the upper part of the constituency. I have only heard as yet of one conservative leaving his party, Mr Flemming having some influence over him.
