

Carleton Sentinel Supplement, July 18, 1896.

ST. JOHN LETTER.

A Question of Expediency—The Talk of the Day—The Markets, etc.

During the eleven months ending on the 30th of June last, the exports of the United States included:—

\$4,684,623	worth of agricultural implements,
2,654,761	do carriages & railway cars,
1,704,819	do manufactures of rubber,
1,184,887	do musical instruments,
1,982,943	do paper.

It is probable that a large amount of the raw material used in the manufacture of these goods was imported from Canada, and that when manufactured it came back to be used by our people. This is one reason why so many provincialists go to the States for employment; while we have an abundance of all the material required in the production of agricultural implements, carriages, musical instruments, paper, and hundreds of other every day necessities the labor required in their manufacture, to a considerable extent is employed elsewhere, and our exports of manufactured goods, considering the extent of our forests and mines and their contiguity to shipping ports, are deplorably small. The value of a ton of steel when converted into needles or watch springs hints at the impolicy of exporting raw material of any kind when a market can be created for it in a manufactured state. The time will undoubtedly come when instead of exporting timber, deals, wood pulp, etc., in the quantities we do, our shipments abroad in this line will consist largely of their products on which much labor has been expended, including house and ship furniture, sashes, doors and blinds, paper of all kinds, and the interior work generally of public and private buildings. Even the strawberries and blueberries that are now shipped away by the car load, in a few years at the place of growth will be converted into syrups, preserves, jellies, etc., thus giving employment to thousands of our own men and women and adding materially to the general prosperity.

Forty thousand salmon fry were last week placed in Loch Lomond, from which the city receives its water supply.

Last week Joseph Denico was sent to Dorchester for five years for burglarizing a store on South Wharf.

A Chinaman, with his family from the West Indies, passed through the city a few days ago, bound for Hong Kong. His through ticket cost him \$300.

About 1000 American tourists arrived in the city one day last week. Four hundred of them had through tickets to P E Island and points in the Annapolis Valley.

The C P R proposes to contribute \$50,000 towards harbor improvements in Carleton.

William Graham, a Sussex milkman, who of late has resided in Boston, was brought to the city last week and committed to the Lunatic Asylum, hopelessly insane.

Nineteen steamers and twelve barques are now bound for this port, most of which are already chartered to load deals for England and South American ports.

The mysterious disappearance of John O Hawkes about a week ago is causing some anxiety among his friends. He formerly kept a saloon on Prince William street.

S C Weeley & Co, of this city, propose to publish, shortly, an illustrated work on the River St John and its scenery.

Fifteen deaths were reported in the city last week; three from diphtheria and one from consumption.

George S DeForest & Sons report a temporary advance in cornmeal of 10 cents per barrel, due to the shutting down of a local mill. Manitoba flour is 10 cents and Ontario flour 15 to 20 cents lower. Oatmeal has declined 10 cents per barrel and sugar 1/2 cent per pound. Beans are 2 to 5 cents per bushel higher in Ontario, but prices here are unchanged. The market is quite bare of California raisins. Molasses is unchanged and stocks are light; future arrivals are likely to be of an inferior quality. The provision market is weak and prices are a shade lower. Generally business has considerably improved since the first of the month.

It is a trite saying that experience is the best teacher and our business men are learning by experience that publicity is one of the essentials to success. An ad of 1000 candle power would not be of much utility if hid under a barrel. The Welcome Soap Co have always been liberal advertisers in the newspapers and now their artists are going through the country printing their black and yellow signs wherever they will be likely to attract attention. The increase in their business that has resulted is enormous. During the year it has more than doubled in Nova Scotia, Ontario and Quebec, and it has become firmly established in the Bermudas. Since their out in prices the Welcome has supplanted the common bar soap almost everywhere. Excellence is the motto of the Welcome Soap Co in all of their products.

The Ab. S S C held annual meeting in the hall here on Tuesday, 7th July, at 2.30 p m, Pres D Jones in the chair. After usual devotional exercises, minutes of previous annual meeting were read and approved of. Reports from S S's were then called for, when reports were received from Biggar Ridge, Argyle, Highlands, Glassville (evergreen), Knowlesville (evergreen), and Glassville. Reports were sustained. In accordance with request in communication from Miss Lucas to Sec, an annual collection was ordered to be taken up in each district, proceeds to be forwarded to headquarters. Pres nominated Norman Perry, Alford Biggar and

John Crawford a committee to retire, choose and recommend office bearers for ensuing year. In absence of committee, Rev A Hayward addressed convention in general terms. On return of committee they recommended Hiram Biggar for President, James Derragh for Vice-Pres, Rev John Home for Sec-Treas and Daniel Jones and John Branscombe for Executive Committee. These gentlemen were declared duly elected to respective offices. George Holyoke, Esq., of the Press, then addressed convention on "Sunday schools not intended for young people alone, but for people of all ages." Rev J K Bennis spoke on question—"How can we best help S S work?" Next annual meeting was appointed to be held at Biggar Ridge, on first Tuesday in July, at 2 p m. After devotional exercises, Rev Mr Fiske pronounced benediction, and convention adjourned till evening, when it resumed sitting at 7.45 p m, Pres D Jones in the chair. After devotional exercises, minutes of previous meeting were read and approved of, when Mr Biggar, the newly elected Pres, took the chair. Rev D Fiske addressed convention on his late visit to the States in the interests of S S work. He was followed by Rev A Hayward and Mr Samuel Dow on S S work, after which the usual collection was taken up, amounting to 71 cts. Benediction was pronounced and convention adjourned.

Dominion Day passed off beautifully. The Presbyterian picnic was well patronized and everybody is said to have enjoyed the day immensely.

George Ridgewell, of Plaster Rock, was married at St Elmo on Dominion Day, to Miss Addie Reid, second daughter of Benjamin Reid. The bridal party was serenaded by the T V R locomotive, returning from the excursion, and congratulations were tendered en masse by the excursionists.

Roads are being improved, by Statute labor, and bridges and culverts under the superintendence of Supervisor Grant.

School closed on 30th ult. There were examinations held at Three Brooks and Sisson Ridge. At the latter place, quite a lengthy programme was gone through, of which I enclose a copy: singing, Red White and Blue, by school; dialogue, Welcome, Iva Sisson and Minnie Marsten; recitation, Advice Gratis, Dora Tingley; recitation, As his mother used to do, Henry Gallop; chorus, Poor Little Joe, Emily Rollins, Iva Sisson, Minnie and Gertie Marsten; recitation, The tragic fate of Mrs Oandie, Gertie Marsten; dialogue, Trees, Emily Rollins Minnie Marsten, Iva Sisson; recitation, A Contrary Boy, Harry Oanghey; recitation, Little Girl and Dog, Mamie Wright; chorus, The Cribler, by school; recitation, Three Little Dogs, Roy Marsten; dialogue, The Parable of Gotham, Hattie Kingsbury, Dora Tingley, Fannie Brown; recitation, Little Orphan Annie, Emily Rollins; chorus, Happy Boys, by school; recitation, The Christmas Tree, Earl Sisson; recitation, Little Raindrops, Hattie Kingsbury; dialogue, The Two Mamma's, Lily Marsten and Mildred Gallop. Short addresses were made by Messrs Stevenson, Clarke, Tingley, Brown, Briggs, Marsten and Cliff. The teacher, Mr Perry B Perkins, was warmly complimented by the trustees on the work done during his regime as teacher. Mr Perkins does not return to the Ridge. The exercises were closed by singing "God Save the Queen."

It is rumored that Miss Johnston, who taught the school at Everitt for two years past, had adopted the latter name, as well as a son of George L Everitt, Esq. and will remain on the Tobique.

Great is the power of the press. Your correspondent mentioned not long since that the Yankees were raiding our trout streams. Well, there are now wardens on Three Brooks and Odell, so the sons of "Jonathan" had better look out.

Elijah A Perkins, familiarly known as "Squire Perkins," was found dead in bed at 6 a m, Friday, 3rd inst, by his aged partner, who was prostrated by the shock. The Squire was 84 last April and had always been a very strong, robust man until of late. Thursday evening he complained of a sharp pain in the bowels, and after drinking some ginger tea felt better and retired to bed. At 11 o'clock his wife looked in and found him sleeping. At 6 a m she went to call him, when she was shocked to find him dead. His hands were crossed upon his breast and clothes unruflled; presumably he passed away without a struggle. He was buried Sunday, p m, by rector Wainwright in Trinity church burying ground. The Reverend gentleman took for his text, "Man giveth up the ghost and where is he?"

Friday evening the temperance hall in this place was well filled to listen to addresses from the officers of Grand Lodge I O G T and others, G Chief Waring in chair. Prayer was offered by Mr Fenwick, and speeches were delivered by Fenwick, Bridges, Munroe, Rev Mr Cooman, Mr Burns, Revs J E Flewelling, H S Wainwright and Robinson. Capt Hamlyn executed some humorous pieces. The ladies favored the audience with solos and duets. The meeting was pronounced to be a success. The next meeting of G Lodge will be at Chatham.

It is said by an old man that if we want any favors we will have to join the Opposition with the Liberal government; this seems to be true in this section.

Election is over, but not the grievous feeling of the defeat. There was nothing said in the election about O M Marsten or Mr Brewer building the Babytown bridge. The Doctor and the government is going out, but we believe the Doctor and the bridge will be restored again.

It is said the Conservative party, on election day, opened a free trade with the sheep buyers money when their own ran out, which made it sheep on one side and goats on the other.
