ST. JOHN LETTER.

The Woman's Congress—Gossip here and there—The markets, etc.

The twenty-fourth annual congress of the American Association for the Advancement of Women was in session in this city last week and was a notable event in the history of St. John. It brought together a large number of the most highly educated and cultured women of the United States and Canada. Questions concerning the intellectual and moral advancement of women were ably discussed at all of the meetings. Mrs. Julia Ward Howe, author of "The Battle Hymn of the Republic," which was sung at all of the northern camp fires during the war of the rebellion, was present and notwithstanding her great age was one of the most beautiful as well as one of the most logical and pleasing of the speakers.

A stalactite has been found in a cave in Indiana the formation of which, geologists say, began 749,700 years ago.

There is an unusual radiance in the new fall dress goods that are shown this season. Art has borrowed from the rich autumnal colorings of nature, nothing glaring, nothing pronounced, but rich suggestions of color, and tone, such as any woman of refined taste would admire. The concourse of public opinion seems to be that a dry goods shopping tour is not complete without a visit to the up-to-date dry goods store of Dowling Brothers, which is one of the principal stores on our principal street, King Street. Many of the woven beauties shown this season are confined to this firm and harmonize gracefully with the jackets and capes shown at this store.

The boilers taken from the Gregory mill are being used in the construction of culverts along the C. P. R.

A schooner loaded with St. George granite sailed from here for New York last week.

To-day Mr. F. H. C. Miles, 27 Charlotte street, opened a free exhibition of paintings in oil and water colors, by J. C. Miles, J. M. Stone, N. S. Laneill and David Santry of Boston, F. H. C. Miles and Mrs. E. J. O. Miles of this city, and amateur paintings by Miss Howe, Miss Clark, Mrs. Jones and other pupils of the Academy of Art. Many of the subjects are familiar to our people, all of them are artistically treated and all visitors to the city during the next two or three weeks are cordially invited to examine the collection.

A two years old child of David Higgins, North End, fell from a wharf on Thursday a distance of twenty feet and was fearfully crushed. Death ensued in a few hours.

A branch of the National Alliance of Unitarian and other Liberal Christian Women has been formed here by Kate Gannett Wells.

One ocean steamer, three barques and one barkentine arrived at this port last week.

There are now in port uncles one ship, ten barques, one barkentine, one brigantine and 27 schooners.

Several members of the Women's Congress visited the public schools of the city on Thursday and expressed themselves as highly pleased with the proficiency and deportment of the pupils and the sanitary and other arrangements of the buildings.

An investigation into the cause of the late Custom house fire is in progress. It should be thorough. There is too much of people's money invested in the building to be jeopardized by the incompetence of its guardians.

Ex policeman William Weatherhead is in quad for an assault upon his brother who is a constable.

Edna Dean Cheney preached yesterday morning in the Church of the Messiah and Mrs. Julia Ward Howe in the evening. The church was thronged at both services.

A handsome monument to the memory of Annie Kempton, murdered by Peter Wheeler, appropriately inscribed, was shipped to Bear River last Friday.

The market is without many new features. George S. DeForest & Sons report a marked advance in cheese which is 1 1/2 cents per pound higher than when last quoted. Eggs are dull and a shade lower. Butter is arriving freely; strictly choice sells for 17 cents; ordinary, for baker's use is quoted at 10 cents. Provisions remain depressed; boneless beef \$14.50, extra plate \$12.25, plate \$11.75, clear pork \$13, and mess pork \$12.75 per barrel. The catch of herring has been small and there are none of the new fish in the market. Fall apples are sold by auction at 50 cents to \$1 per barrel. Plums are abundant and are sold as low as 25 cents per peck. Messrs DeForest have received a consignment of Annapolis Co. grapes which are pronounced superior to any others, native or foreign, that have been seen in the market this season. They sell at 45 cents per box of 10 pounds.

A friendly game of base ball for practice was played on Saturday, 22nd inst, between the Sisson Ridge and Arthurette nines. Score, Arthurette 115; Sisson Ridge 55.

On Tuesday, 25th inst, by Rev J. R. Hopkins, Rebecas, eldest daughter of John Burgoyne, Esq. of Sisson Ridge, was married to Wm Vincent, of the same place.

The church of England picnic was a grand success financially and otherwise. A large number availed themselves of the cheap rate over the T V R to get a view of the scenery along the river as far as Plaster Rock. The Andover Cornet Band was in attendance. In fact, Andover was very much in attendance. So, at least, our local nine thought. The match game resulted in a victory for Andover. The shire town shows up a good

team, and a few of them are extra good. In this class might be placed Nick Lolar, the Milicote pitcher; C H Elliot and Ed Du Bois, the catcher. Among the familiar faces of the Andover party were seen Sheriff Tibbitts and wife, Thos Lawson, Capt Kupper, B Beveridge, and lots of others, too many to enumerate.

A concert was held in Tweeddale's Hall in the evening which, financially, at least, was a success, the receipts from the sale of tickets amounting to nearly \$20.00. The following programme was gone through: Singing, Hammer song; dialogue, Dingbats by Robt Knowlton, Mattie Tweeddale, Fred Verney and H Finnemore; recitation, So was I, Emily Rollins; interlude, Family relations, by R Knowlton and Howard Finnemore; singing, Dear old mother; dialogue, His wife's mother, by R Knowlton, Miss Giberson, Gertie Brewer; instrumental duet, banjo and organ, Miss Tweeddale and Mrs Vincent; recitation, My ideal, by Sadie Rollins; singing, Going to write to papa, by Leah and Edie Beveridge; interlude, Base ball and Scripture, by John Campbell and Robt Knowlton; recitation, Mary's little lamb (latest version), by Johnnie Tweeddale; dialogue, A society for doing good, by Mrs G A Camber, jr; Cora Beveridge, Mattie Tweeddale and Cassie Camber; singing, A very bad cold; interlude, Cross jokes, by John Campbell, R Knowlton and H Finnemore; recitation, The Polish boy, by Gertie Rollins; singing, I have wandered from the old home; dialogue, Assisting Heskiah, by Mr and Mrs G A Camber and J B Stevenson; National Anthem. The amount received from picnic and concert, and sales was a little in excess of \$145.00 which, after paying expenses, will leave \$120.

Inspector Mesgher is visiting the schools on the Tobique. The teachers engaged thus far up here are: at Riley Brook, Miss Daly; Everett, Miss Larlee; Blue Dist., Miss Pond; Burns Land Brook, Miss McCollough; Maple View, Perry B Perkins; Sisson Ridge, S L Shaw; Upper Sisson Ridge, Mrs Allas; Three Brooks, J B Stevenson; Riverside, Miss Craig; Arthurette, J W Niles; Odell, Miss White; Birch Ridge, Mr West. The school at St Elmo has not re-opened yet, but the trustees are expecting a teacher soon.

The boys are tickled at the idea of going to camp again this year, and also pleased that Florenceville has been chosen as the site of the camp. A full fifty is expected to go from Victoria county this year. The boys intend to try and raise the efficiency figures to the century mark; and they will do it.

There was an early celebration of Holy Communion here yesterday, at 8 a m and another at Birch Ridge at 11 a m.

Harvesting in this place is nearly finished. Owing to the low lay of the land considerable damage was done by early frost; oats and buckwheat, however, are reported to be a good crop.

A pie social was held on Aug 31st for the Presbyterian minister, and a concert on Sept 4th for the same purpose. Although rainy on the night of the social, the amount raised from both sources was \$20. The concert was largely attended, and very highly complimented.

Hunting parties are daily passing through here en route for the headwaters of the Tobique. Game is reported very plentiful this year; deer being often seen by people passing along the road.

Geo A Fullerton, who is doing a good business with his tow boat this Fall, reports salmon to be very numerous.

Miss Nellie Sadler leaves by T V R Saturday morning to visit friends in Andover for a few days.

Our lodge of the I O G T is in a very thriving condition. Last Saturday evening the members treated themselves to an oyster stew and had a very pleasant time. An excellent entertainment is prepared for every evening. The leaders for entertainment next quarter are P. B. Perkins, teacher of this District and S L Shaw, teacher of Sisson Ridge.

The Maple View base ball club intends playing the St Elmo boys at no distant period. Although nearly all of our "nines" are novices in the base ball line, they put up a fairly good game.

A BIG DIFFERENCE

Has been noticed in our community lately. Our citizens, who have been looking joyous for the past few days, now look very grave. Of course you know election day caused the change. I just want to tell my long faced brethren to cheer up, as they can now buy Jewelry and Silverware at much greater reductions than before. As long as the Liberals remain in power, I will sell my Goods nearer cost than ever. Hurry up and do your purchasing, as it is now being predicted by the wise of our land they will not reign long. I might also say we will be able to close our places of business three nights in the week as long as Laurier is premier.

Mr Anson Boyer met with quite a serious accident on Tuesday; while doing some work in the Woodworking factory, he got his hand caught in the planer and had three fingers taken completely off. Dr. Atkinson was called, and dressed the wounded hand and the patient is now doing well.

Moore's Corporation drive passed here yesterday afternoon, leaving the river free from logs. As the water is very low the drive is moving slowly.

Mr Isaac Boyer has been confined to the house during the last week through lameness.

Mrs H Risteen of Lowell is spending some days visiting at her mother's, Mrs I N Boyer.

A. W. Phillips has accepted a position as travelling salesman for a Montreal firm, and left a few days ago to begin his new duties. Sherry Murphy, who has had charge of U. A. The Kickapoo Indian Medicine Co will be in Bristol Hall on 29th inst. They intend remaining for two weeks.

A Serious Affray at Andover.

ANDOVER, N. B., Sept. 17.—A serious stabbing affray is reported from Ortonville, which happened on Tuesday. A farm there owned by Rapert Hutchinson is occupied illegally by Benj. Hitchcock, jr. On Tuesday Sheriff Tibbitts, Deputy Sheriff Kupper, Surveyor Hoyt and Mr. Hutchinson went up to dispossess the party. Reaching the spot late in the day, they decided to run the lines and return later to dispossess. After getting through this Mr. Hoyt and the sheriff started off, each in different directions.

A few minutes later Kupper and Hutchinson were attacked by a man named Bean, who had been left in charge of the place by Hitchcock, he being away.

Kupper was knocked down by a sled stake and seriously hurt. Hutchinson was attacked next, the weapon used being a knife. Blood was drawn five times, but no deep wounds were made. Kupper sprang into the bushes. Hutchinson mounted his horse and got away, sending help to bring Kupper. This all happened after dark.

Next morning the sheriff, with constable Cyrois of Grand Falls, went down and arrested Bean, to do which they were obliged to fire four shots, none of which took effect.

The prisoner was taken to Grand Falls, examined and committed for trial.
