Wood,

Connell,

Has been noticed in our community lately. Our citizens, who have been looking joyous for the past few days, now look very grave. Of course you know election day caused the change. I just want to tell my long faced brethren to cheer up, as they can now buy Jewelry and Silverware at much greater reductions than before. As long as the Liberals remain in power, I will sell my Goods nearer cost than ever. Burry up and do your purchasing, as it is now being predicted by the wise of our land they will not reign long. I might also say we will be able to close our places of
