Good News Travels as Fast as Bad. News spreads quickly and, when a good thing is said, its merits are soon learned by every one far or near. This accounts for the fast growing popularity of Fiske Chambliss as an interesting makes outdoor work possible in any weather. The first man who realized its wind and rain and warmth quickly told his friends so that they might enjoy this inexpensive comfort. It might seem impossible that this fabric so light in weight and without bulk should furnish so much beautiful warmth; but when you realize that its merit lies in being a complete non-conductor of heat, you understand why a layer of it through which clothing gives such warmth—it not only keeps out all cold but keeps in the natural heat of the body.

Mr. Lewis at Birch Ridge, who is suffering from cancer; we hope Mr. Everett may be successful in getting the money and that the cancer may be cured.

Mr. S. Mahoney of this place is living yet, but very low; he is a great sufferer but seems resigned to die; no doubt it is a happy release. His wife is very poorly; it is said for the children to see their parents in so much pain; they have the heartfelt sympathy of all around them.

J. T. Everett and son of Dow Flat is in this place today; they are getting lumber from Mr. Taylor's mill for building purposes. Lots of tourists coming; Mr. A. Parley of Andover has been up with two loads and on his way home; 3 Indian canoes passed here today with their luggage.

We are pleased to announce that one of our young men, E. H. Gannon, third son of Mr. I. July 7—Mr. A. Parley has arrived with 6 sportsmen; the poor salmon had better died; it seems hard to see those gentlemen come here and take away what the settlers can't have. But such is life.

ONE INTERESTED.

AN OPERATION AVOIDED.

A SMITH'S FALLS CASE OF GREAT IMPORTANCE.

Erysipelas in the Face Develops into a Running Sore - Doctors Declared That only an Operation Could Bring Relief - A Medicine Found Which Made the Painful Operation Unnecessary.

From Smith's Falls Record.

A famous German medical scientist once remarked that the world is full of men and women who are sick because of their ignorance. The wisdom of this remark was never more self-evident than it is today. There are countless scores of sufferers who would rather suffer than use any medicine not prescribed by their favorite doctor. To these people, perhaps the story of Mr. Thos. E. Phillips, of Smith's Falls, may convey a moral. The following reporter as given by Mr. Phillips by a Record reporter:—"Several years ago I began to feel in weight, lost my appetite and erysipelas started in my face, and then a running sore broke out on my cheek. I consulted three physicians and they all said it would be necessary to remove a portion of the bone. All this time I was unable to do any work and was suffering intense mental and physical agony when I changed to read in the Record about Dr. Williams' Pink Pills and resolved to try them, thinking they would do me no harm anyway. I had not used one box when I felt they were helping me. I continued and after taking eight boxes the running sore on my cheek completely healed and the operation the doctors said was necessary was avoided. I regained my weight and am once more possessing a good appetite. In fact I was made a new man so remarkable was the change. I now consider Dr. Williams' Pink Pills a household necessity." Mr. Phillips was a respectable well-to-do farmer of Walford township until last spring when he sold his farm and is now living a retired life in Smith's Falls. He is about fifty years of age though looking younger, and a living witness of the wonderful curative properties contained in Dr. Williams' Pink Pills. This great medical discovery has reached the high position which it holds through the power of its own merits. By its timely use the weak are made strong; pale wan cheeks are given a rosy hue; lost vigor is renewed and the suffering ones are released from pain. If your doctor does not believe in the medicine, you can get it from the nearest druggist. It will be returned to you if you do not like it. It is sold in bottles of 50 cents and \$1.00. It is sold by mail on receipt of fifty cents a box or six boxes for \$2.50, by addressing the company at Brockville, Ont., or Schenectady, N. Y. Remember that Dr. Williams' Pink Pills cure when other medicines fail and do not be persuaded to take either a substitute or an imitation.

Bath Items.

July 8th 1896. This is a lovely day after the most beautiful rain of the season; the crops have been greatly benefited by it. Our merchants are doing a very successful business and the shops are full of work. John Bonna has the frame of a barn up; Mr. R. Squires has bought a lot from J. K. Toney and is preparing to build a house; J. McCreedy is building an all to his house occupied by A. W. Rockwell; C. J. Green is having a stone wall put under his barn, and he has had a nice awning put up in front of his store.

We regret to state that Albert Hamilton, who has been very sick for several weeks with rheumatism fever, is no better; the rest of the sick reported, are quite recovered.

The Misses Keen and Dora Barker, who have been for some time in Lewistown, returned home a short time since; they were accompanied by their sisters, Dora and Frankie Townsend.

Mrs. Thos. Barker and children have gone to River de Chute to visit their friends.

Mr. James Jones is visiting friends at Grandville.

Miss Ida Ryan, Keweenaw, is paying her sister Mrs. J. McCreedy a visit.

Mr. and Mrs. Wm. Eideout and daughter Middle Simmons, were the guests of Mr. and Mrs. P. W. Cass, last Monday.

Our school teacher, Mr. Seth Keith, has gone to Hawke's Bay County, to spend his vacation; the trustees have engaged him for the next term.

Mr. T. Tomlinson, St. Mary's, is the guest of his sister, Mrs. A. W. Rockwell.

WISDOM! STRENGTH! BEAUTY!

The careful and economical housekeeper displays great wisdom when she selects as her standard of color, the Diamond Dyes. Her wise experience leads her to use the Diamond Dyes because of their great strength, as one package has the dyeing power of two packages of the poor put-it-finish makes. A grand characteristic of the Diamond Dyes is their beauty of shade and color, and they are always fast, firm and unfading. Carefully avoid imitations and false substitutes.

Asthma and Bronchitis Cured

HALFAN, N. S. C. E. PUTTNER, Esq., Ph. M.

Sir—I consider it my duty, not only to yourself but to the suffering, to make known to you a sure cure for Consumption, Asthma, Cough, Bronchitis and Lung Disease. I was persuaded to give it a trial, and on using two bottles I received great benefit and relief, and after using three bottles I was completely cured and am today perfectly free from either Asthma or Bronchitis, and my nervous system much invigorated and built up. I have found it very pleasant and palatable, and with no taste of oil whatever, and can with great confidence recommend it to those suffering as I did previous to taking your compound. I am, yours, etc.

THE ONLY ONE OF ITS KIND.

Paine's Celery Compound a Life-Reviver in Hot Weather.

Thousands of people feel weaker and more unhealthy during the summer months than at any other time of the year. This is due to the depressing and weakening hot weather.

The weakest system may be fortified and made strong by Paine's Celery Compound, earth's greatest blessing to suffering humanity. We quote the words of one of Canada's best physicians, he says: "If men and women during the heated days of summer would use Paine's Celery Compound three or four times a day, they would find their vitality and strength greatly increased, and their digestive organs would be more vigorous and in better condition."

The greatest benefit of Paine's Celery Compound is, that it cures when all other medicines fail, and is the only advertised remedy that is regularly prescribed by physicians.

Everitt, Lorne, Items.

Thinking you would like to hear from this part of Lorne, I send a few items.

The election passed off quietly, it was a dry one, something never seen in Lorne before. The vote polled was small, some being too dry to vote, others could not vote, as both candidates were objectionable, while other voters could not find their names on the list and, though the Liberals did not carry the day, yet the Liberal vote was so much larger than ever before they do not feel defeated.

Mr. Elmer Gannon passed here with his bride (see Miss Lottie Hayler, en route from Woodstock, where they were married, to his home in Riley Brook; they intended to have some music in their wedding life, as they took a fine organ with them.

Riley Brook is quite a prosperous place; though a small village, it has a fine school, a fine church, and a fine fire engine. It is a fine place to live, and there are two organs in it.

Mr. Leonard Everett has also joined the ranks of the household, but as the bride is at the seashore and the groom is at the head waters of the Tubagon working for Mr. Hale; we under our sympathy to the young couple.

Those that were down to the picnic on the T. V. R., pronounced it a dull affair.

Mrs. Wilson Johnson and her sister, Miss Maggie Everett, of Otter Bow, visited Fort Fairfield last week, their object being to get baby Bernice's picture taken.

We were much grieved to hear of the death of the wife of Henry Everett of Carleton Place, she was formerly a teacher in these parts and much esteemed by her friends and scholars.
