ST. JOHN LETTER.

B. Fay Mills on Armenia—The Markets—The Topics of the Town.

The closing day of the Christian Eadeavor Convention in Washington was devoted to a consideration of Armenian affairs, the condition of which for a long time has appalled the whole civilized world, but toward the amelioration of which no Christian government has taken any active steps. Evangelist B. Fay Mills, an American who is well known in the Maritime provinces, was one of the prominent speakers and his denunciations of the powers to whom the Armenians vainly looked for succour and protection were fierce and scathing. Of the causes which led to the inaction of the Christian nations he said, "Russia wants all of Armenia, and England wants part of it. England has given her most solemn treaty to protect those Christian people and she stands to-day perjured, with a record so damnable and so black that no number of future actions can ever wipe it out." But though an American his denunciations of the government of the United States were even more bitter.

I have an idea, he said, that if the Turkish gun boats were to bombard and destroy a Kentucky distillery our American minister would move fast enough, or if the mast of some millionaire's yacht lying at harbor in the Dardanelles were to be splintered by a Turkish shell fired by accident, there would be a tremendous uproar, while if our President should happen to be on a fishing excursion in the Bosphorus and the bullet of a toy pistol should chance to go through the sail of his craft the American people and government would have it understood that that was some of our business and official measures would soon be taken to bring redress for these intolerable insults.

I charge the government of the United States with misrepresentation of the enlightened sentiment of the American people in this matter. The President of the United States, the secretary of state and the American ministers have disregarded our broken treaties; they have permitted American lives to be endangered; they have permitted American property to be destroyed without reparation and American citizens to be imprisoned. Our government has stirred the passions of the American people to anger against England on one-thousandth part of the pretext that would have sufficed for a destructive war with Turkey.

These sentiments, which are the sentiments of thousands of the Christian people of the United States were vociferously applauded and to emphasize them Mr Mills was called upon to repeat them, which he did and soon after the Armenian meeting was brought to a close.

Some of the machinery in the Parks' Cotton mills is running night and day on flannelettes, a description of goods which they have not hitherto manufactured, and for which there is a very active demand.

The 100th anniversary of the death of Robert Burns will be observed by Clan MacKenzie next Tuesday evening. Rev J B Green will deliver an address and a fine programme of Scottish songs will be rendered.

Young Baxter, who was accidentally shot a week ago, is improving rapidly.

No trace has been found of John T Hawkes who disappeared from this city about two weeks ago, and fears are entertained that he has committed suicide or met with foul play. A project is on foot to erect a memorial to Sir Leonard Tilley on one of the public squares of this city.

In England the law has decided that bicycles are vehicles; in Scotland the law does not recognize them as such any more than skates. In Canada they are real estate owners, they own the earth.

The remains of Ex-Governor Russell of Massachusetts came to this city last Friday night by train and were met at the station by U S Consul Derby, Mayor Robertson and other prominent citizens. The body was placed in the church of the Messiah until evening, when it was forwarded to Boston, accompanied by a brother of the deceased and other friends.

It is estimated that fully 2,000 St John residents spent yesterday in the country.

The relay bicycle race from St John to Halifax is booked for Monday, the 27th inst.

There were only five deaths reported in the city last week, two from consumption, two from old age and one from diphtheria. This is an extraordinary low rate of mortality.

Nine cases of diphtheria have been reported in the city during the present month, five of which have resulted fatally. Some persons are of the opinion that the unsanitary condition of the Victoria school building is responsible for the presence of the disease.

Large quantities of native and cultivated small fruits are being shipped through the city to Boston where they are mostly canned or converted into preserves, jellies, syrups, etc, while thousands of barrels of the former are allowed to go to waste in the fields. It is well to have a market for such things but it would be better if the canning, preserving, etc, and the raising and pickling of cucumbers and other vegetables were carried on here on a larger scale, thus giving employment to hundreds of men and women who find it difficult to get work without going abroad. These thoughts are suggested by the arrival here a few days ago of a cargo of canned raspberries, blueberries, Finnen haddies, clams, clam chowder, scallops, lobsters and sardines in oils, mustard and spiced from Connors Brothers, Black Harbor, Charlotte Co. These goods have acquired such a reputation that they sold almost as fast as they could be discharged, and there is a large demand for them in New York and Boston where agencies have been established. Messrs Connors have depots with Grant, Oxley & Co, Halifax, and John Sealy of this city, but they give personal attention to the

trade in the Atlantic provinces. A quantity of these goods with this season's canned peas, a little Union Blend tea and a cake of Welcome or Fairy soap will contribute much to the happiness of picnickers and campers.

Geo S DeForest & Sons report that last week's advance in cornmeal is still sustained. Flour has declined five cents per barrel. Choice butter is sold at 14 cents, eggs at 8 1/2 cents and good yellow cheese at 9 cents. Raisins are scarce and prices are firmer. Vinegar, cider and white wine, x.xx. and xxx. is quoted at 17, 21 and 23 cents. On tario peas, pack of 1896, are arriving and are of very superior quality.

A FEW TESTIMONIALS.

Parish, Oswego Co., N. Y., April 16th, 1893.

We, the undersigned citizens of Parish, deem it a pleasure to testify by our signatures below, that we have had Mr. D. L. CARTER, Superintendent of the WROUGHT IRON RANGE CO., of St. Louis, Mo., and Toronto, Ont., together with his corps of gentlemanly salesmen, in our town for the last three months, and have found Mr. Carter and his salesmen gentlemen, in all that the word implies. All of their business transactions have been strictly honorable, and, we believe, to the satisfaction of each and every person they have dealt with. They have sold a large number of Ranges in this locality, and so far as we can learn they are giving universal satisfaction. None but our kindest and best wishes go with them wherever they may locate.

Respectfully, etc.,

Mr. D. L. Carter:—

DEAR SIR—Allow me to express my sincere gratitude and appreciation of your favor received at the hand of Mr. W. T. Brownridge. It gives me great pleasure that I can express to you also our commendation of your interest in the services of our churches. We have felt that you and those in your employ have set a good example by regular attendance at the services. We trust wherever you may go you may be richly blessed, and that you may receive a cordial welcome.

Yours sincerely,

E W TWITCHELL,
Pastor of the Presbyterian church.

To the Public:—

It affords me pleasure to state that I have known Mr. D. L. CARTER, Superintendent of the WROUGHT IRON RANGE CO., of St. Louis, Mo., and Toronto, Ont., for the past three months and have been in a position to occupy a very close business relation with him. I consider him a perfect gentleman in every respect. As a business man he is an honest, careful, upright man in all his transactions. I have personally visited a great many of his customers in Oswego county, and it has been the consensus of expression that THE HOME COMFORT RANGE is all that is claimed for it, and that Mr. CARTER and his salesmen are ALL of THEM men of integrity in every respect.

As for the company and its methods of business: They are the strongest and best managed stove corporation in the United States to-day. It will give me pleasure to answer any letters sent me in reference to Mr. D. L. CARTER, any of his men with him at this stand, or the parent company.

Wishing them the success and confidence with all good people that they certainly deserve,

Yours kindly,

W. T. BROWNIDGE,
Elder First Presbyterian Church.

Fredericton Temperance Notes.

L. O. T. A. ANNIVERSARY.

Fredericton, July 16, 1896.

Prohibition Lodge, No. 8, of the Loyal Orange Temperance Association, held the sixth anniversary gathering to night. The meeting was open to the public, and William H. Anderson, the president, presided. The programme consisted of readings, recitations, music and speeches. Supper was served during the evening.

The president gave an interesting address in which he dealt with the condition of the order in New Brunswick, and the temperance cause in Fredericton. Prohibition Lodge was founded in 1890, and Mr. Anderson has been its president ever since. He is also grand president of the L. O. T. A. grand lodge.

The outlook for the temperance cause in Canada was discussed in a brief speech by Henry Harvey Stuart. Among other things, the speaker expressed himself hopeful in regard to the result of the Dominion plebiscite which Premier Laurier is pledged to give the country on the liquor question. The result of a general vote throughout Canada can scarcely fail to demonstrate that a large majority of Canadians favor prohibition of intoxicants. If the country declares for prohibition, the duty of the temperance party is to take measures to have that sentiment immediately crystallized into law. These remarks were received with applause. Besides being a member of Prohibition Lodge, Mr. Stuart is a Royal Templar of the Select Degree, and a member of the Independent Order of Good Templars, holding the office of Grand Treasurer in the I. O. G. T. grand lodge of N. B.

President Anderson was presented with an address and a beautiful portrait of himself, by Sergt. Robert Cochrane, on behalf of the lodge. He made a fitting reply.

Beaufort Items.

July 17, 1896.

Splendid growing weather; grain of every kind is looking well; potatoes excellent, but the hay crop looks poor.

St Swithin brought a very heavy rain, so according to tradition we will have forty days of unsettled weather.

Among the visitors are the Misses Absolon of Bath, Me, who are visiting their mother at Woodville Manor. Miss May Absolon goes to Caribou to-morrow for a week's visit among friends there.

Mr Archie Gee and his sister, Lila, of Andover, were visiting at Mrs Stokoe's this week.

Mr A A Mack has returned home from Syracuse, N Y.

Among those who have left the place are Mrs R Mack, of Fredericton, returned home on Tuesday, accompanied by her niece, Miss Margaret McEwen; Mrs Sayles and family have gone to Bristol.

Those who are ill are Mr John Biggar, sr, Mr Somerville and Mr McDonald.

A BIG

Has been noticed in our community lately. Our citizens, who have been looking joyous for the past few days, now look very grave. Of course you know election day caused the change. I just want to tell my long faced brethren to cheer up, as they can now buy Jewelry and Silverware at much greater reductions than before. As long as the Liberals remain in power, I will sell my Goods nearer cost than ever. Hurry up and do your purchasing, as it is now being predicted by the wise of our land they will not reign long. I might also say we will be able to close our places of business three nights in the week as long as Laurier is premier.
