PROFESSOR OF ODD JOBS.

ale Faces and Bloodless Lips-Given to Headaches-Extreme Weakness, Heart Palpitation and Other Distressing Symptoms-The Means of Cure Readily at Hand. om the Leamington Post.

The attention of the Post has lately been frequently called to a remarkable cure in the case of a young girl living within a few miles Ready-made Clothing,
Boots and Shoes,
And Fur Goods to be a duty we owed to investigate this case which has so urgently been brought to our notice, and we are sure the interview will be read with interest by the thousands of young girls all over Canada, as well as by the parents of such interesting patients. The young lady in question is not anxious for notoriety, but is willing to make her case known in or-

ben fitted. The symptoms in her disease differed in no way from those affecting thou sands of young girls about her age. She was suffering from extreme weakness, caused

In the quiet little hamlet of Strangfield, in Essex County, just such a case was presented to the sorrowing eyes of loving friends a few months ago in the person of Miss Ella Beacon, who frequently said she did not care how soon she died, as life had no charms for her. To our reporter she declared that life had been a burden, but after suffering in this way for months, and after trying all sorts of remedies prescribed by physicians or furnished by friends from some cherised receipe handed down from their grandmother, but without being benefited in the least, she was at last persuaded by a neighbor to give Dr. Williams' Piak Pills a fair trial; but she had lief that she still refused for some weeks. However, after repeated urgings by her parents and friends she began the use of the pills. Before one box was taken she experienced some relief, and after the use of a few more boxes she was restored to perfect health, and there are few young girls now who enjoy life more. She says she owes her life and hap piness to Dr. Williams' Pink Pills, and is willing that all the world shall know it. Her case attracted much attention and her perfeet recovery has created much comment, The facts above related are important parents, as there are many young girls just budding into womanbood whose condition is, to say the least, more critical than their parents imagine. Their complexion is pale and waxy in appearance, troubled with heart palpitation, headaches, shortness of breath on the slightest exercise, faintness and other distressing symptoms which invariably lead to a premature grave unless prompt steps are taken to bring back a natural condition of health. In this emergency no remedy yet discovered can supply the place of Dr. Williams' Pink Pills, which build anew the blood, strengthen the nerves and restore the glow of health to pale and sallow cheeks.

They are a certain cure for all troubles peculiar to the female system, young or old.

Pink Pills also cure such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dange, peryous headahe, nervous prostration. the after effects of la grippe, influenza and severe colde, diseases depending on humors in the blood, such as scrofula, chronic erysipelas, etc. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any patrice. esses of any nature.

A Cedar Hill Victoria, B. C., Case

That Has Caused Much Fav-

orable Comment

After a Lifetime of Agony From Rheumatism, a Lady is Cured

by Paine's Celery Compound.

There is no other medicine in the world so prominent to day as Paine's Celery Compourd. The results it invariably gives to rheumatic sufferers are so astonishing and

eatisfying that it has justly been named the world's wonder working medicine.

The desperate case of Mrs. Elizabeth King, Cedar Hill, Victoris, B. O., is one that is well known to hundreds in the city of Victoria and vicinity. For almost a lifetime Mrs. King endured the variable agonies of rheumatism, and failed to find a cure by the aid of doctors and patent medicines. aid of doctors and patent medicines. A friend, knowing personally the value of Paine's Celery Compound and its power to overcome the worst cases of rheumatism, advised Mrs. King to give it a trial. The afflicted lady complied with her friend's request, and was delivered from her life of torture,

and now, with a heart full of joy and thank fulness, makes a public statement for the benefit of the thousands that have not yet found a cure; she saye:

"I have been troubled with rheumatism all my life, and about eight years ago I had a very severe attack, almost losing the use of my right arm A friend recommended Paine's Celery Compound, and kindly gave me a bottle. I was so much benefited by that one bottle that I took three more, and was quite cured. Since then it has been al most my only medicine for all the silments from which I have suffered, and all my family have found some benefit from it. I am

over-estimated," says H M Musselman, a wellrnown G A.R. man of Weissport. Pa., and he known G.A.R. man of Weissport. Pa., and he continues: "My ailments were palpitation and fluttering of the heart. I used two bottles of your valuable cure and feel like a new man. I have taken bottles and bottles of other medicines without help I introduce it to my friends at every opportunity possible. It is a great medicine. Inside of 30 minutes after the first dose I had relief."

Sold by Garden Bros. Arthurette Items. The target practice passed off very nicely.
The scores were about as high as at camp.
The wind was blowing very hard across the range which accounted for some low marks.

J T Tweeddele made the highest score. Another practice is called for Thanksgiving Day.
On Wednesday night a violent south wind came on and among other little antice played by it, was the upsetting of the new horse shed at the church of England. Lumber at McNair's mill yard was scattered in many

McNair's mill yard was scattered in many The M P P's came up on the T V R on Thursday to inspect the new Red Rapids Bridge. They are willing to admit that next time a bridge is wanted at this place, a steel bridge will be built. They are certainly very generous. But at the last session of the Legislature was the time to have got an appropriation for a steel bridge. Well the old bridge lasted twenty years or more, but nearly all are agreed that ten years will do up the present structure.

Mr D F Millen is one of the most original of preachers; but his very originality is his chief charm. When he speaks to young men, they give the very best attention. He is a young man and knows the evils whereof he speaks, and his earnest appeals for purer living are being productive of good.

Service in the F OB church Sunday more-

ing, Mr D F Millen preaching from Luke Rev J R Hopkins preached last night, from 1 John 3:20-21. Mr D F Millen preached from 1 Kings 18:21 in the F O B church.

EVERETT'S BOOK STORE.

A good Shoe differs from its wearer in that it should always be properly "on its uppers." How it gets there, has everything to do with the comfort it brings to the foot. Putting soles on their uppers is hardly a spiritual

work, but it's the big end of Shoe making. There are three ways of doing it-by the use of pegs, Mackay stitching, and the Goodyear welt or hand sewn process (Slater

Pegged or Mackay stitched shoes are known from the other

make by their putting welts on the sole of the foot instead of having them put on the sole of the shoe. They do this, because the pegs, or stitching, go clear through the sole, under the foot, where the full weight of the body, pressing upon the surrounding leather, raises hard lumps around every peg or stitch, and these in turn raise painful callosities, and corny spots

The soles of the Slater Shoes, are sewn to the welt (or strip of leather which projects beyond the sides of the shoe), away from the foot, leaving a smooth and pliant surface under the foot while retaining all the elasticity and springiness of the sole leather.

This is the Goodyear welted or hand made method, and these "best in the land" shoes are stamped on the soles at "\$3.00 per pair." Other facts about feet you'll find in a little book "The Sick Man of Leatherhouse" Ask for a free copy from
