Four Years of Agony and Misery.

A Marvellous Cure By Paine's Celery Compound,

Three Bottles Suffice To Make Mr. Finter Well and Strong.

The hopsless, despairing, and all who imagine they are lost, because the doctors have failed, should rejoice to know that Paine's Celery Compound fully meets the worst cases, and never fails to restore lost health laration is made that Paine's Celery Comour own Canada can youch for the truth

As a proof that Paine's Celery Compound sures in the darkest times of disease and cures in the darkest times of disease and misery we give the testimony of Mr. F. Finter, of Ottawa, Oat., who was saved at almost the eleventh hour. He says:

"I consider it a duty to acknowledge the great good that I derived from your valuable remedy, Paine's Celery Compound. For four years I endured terrible agony and misery owing to paine in my head and chest. Life was a burden to me, and no living mortal could describe my sufferings. I was treated by doctors and used many patent medicines, but nothing gave me relief until I used your Paine's Celery Compound. I thank God for the day it was brought to my notice in the Ottawa papers. I have taken three bottles of the medicine, and to-day I can truly say that I feel like a new of the content of t day I can truly say that I feel like a new man. I feel certain that if the suffering people of Canada would only try Paine's Celery Compound they would be cured. I will recommend the remedy whenever I have the opportunity, as it is the best ever given to sufferers."

Why are so many of the young people going west? perhaps it is because they are ashamed of our British government since this disgraceful Turkey question has come up. There was a native of Arabia in Royal-ton, last week, who told touching stories about how the Turks use the Arabians; he expressed the wish that Greece would kill every Turk.

SHOW THEM UP TO THE PUBLIC.

As the public-particularly the ladies-are so often swindled by profit loving merchants and dealers, it is well that people should have an example of what is done in the sale of certain package dyes for home

dyeing.

The makers of common and adulterated package dyes sell their crude colors to retail merchants at a cost of four cents packet, and the public who buy these deception dyes are made to pay ten cents for them. A handsome profit indeed for Mr. Storekeeper! No wonder he uses every endeavor to sell and substitute his poor dyes for the famous and reliable Diamond Dyes. The Diamond Dyes, that all live and honorable deslers in Canada handle and sell, cost a good deal more money, yet the pub-lic get them for ten cents, which only allows

the dealer a fair profit.

But mark the difference, ladies! The cheap dyes are really worthless, and are made for the profit of the manufacturer and the dealer, while Diamond Dyes are made for the profit, pleasure and blessing of every home dyer. home dyer.
