Of one Thing Mr W H Bennett, the Conservative Standard Bearer in East Simcoe is sure—He Suffered from Catarrhal Trouble and Found Speedy and Fixed Relief in Dragnew's Catarrhal Powder.

In the coming by-election it will not be settled ustil the votes are counted, whether Mr W H Bennett, who has represented the constituency with ability for years, will again be the success ful candidate. One thing Mr Bennett is perfectly certain of, whatever turn the election may take: When attending to his duties in Otawa, two sessions ago, he was taken down with catarrhai trouble in the head. He used Dr Agnew's Catarrhai Powder and over his own signature says that it worked like a charm and quickly removed the trouble and made him stied for his parliamentary duties.

DR. CHASE'S OINTMENT

POOR COPY

REV. CHAS. FISH Methodist Minister, Toronto

Few men better known or more highly esteemed in the ministerial ranks in Canada than the gentleman whose portrait accompanies this. Although now retired from the more active work in the ministry, he has held almost all the more important charges throughout Ontario as a pastor in the Methodist Church. He is one of the pioneer preachers. A few words of his to fellowsufferers will be taken in the spirit which he intends them, feeling that in publishing to the world the great benefits he has derived from his great cure he is but doing his first duty to man, and, in a measure, fulfilling the old command, "Do unto others," etc.

About ten years ago I felt the beginnings of what is commonly known as Eczema. The disease commenced in my ears and spread entirely over both sides of my head and also developed on my hands. During those ten years I was a great sufferer. I tried many supposed remedies and some of the best physicians-specialists on skin diseases -treated me. Beyond affecting temporary relief, I received no more benefit and all failed to effect a cure. Some time ago I was led from reading and investigating some reliable testimonies I read in the newspapers to try Dr. Chase's celebrated Ointment. The first box gave me so much relief that I felt warranted in persevering. As I write this I am just commencing on the fifth box, and, judging from the rapid improvement effected, I am certain that before the box is completed I shall be completely cured. I think my cure almost a marvel, and shall be pleased at any time to answer any inquiry from like cause. Having suffered so much myself, I give this testimony for the benefit of others.
