Town Council.

Monday evening, Sept 5. Mayor presiding; councilors all present.

A W Fields presented a claim for the \$100 reward offered to anyone giving information leading to arrest of the party who entered the manse and stole lev James Whiteside's goods. The Town Marshall certified that Mr Fields had furnished the information.

Into say how many, it might make you begin to feel a little uneasy, but we will venture to say that it will not be much less than what it would take now to put the present jail we have in good and thorough repair.

I will not trespass further on your space at present, but if you will allow me I will give some more reasons next week. The matter was referred to a committee-Meests Jones and Lindsay to report next

Mr Henderson pointed out that while Mr Moores wished that while the parishes must pay their indebtedness to the county, the Town should do likewise; but by legislative enactment the Town pays the county as it collects the taxes. The town was bound in homor to pay its indebtedness to the county and he moved that a committee wait on the Town Treasurer and ascertain just what the Town owes and report Friday.

Mr Moores again expressed the wigh that

Mr Graham seconded Mr Henderson's motion. They should and would pay the county every dollar owed it and the time for paying should not extend over three years.
On the Mayor's suggestion, the resolution having passed, the committee was composed of the Finance committee, Graham, Ketchum, and Henderson and Mr Jones added.

Mr Lindsay said the town was ready to pay the bonus of \$1000 and also to pay whatever its real indebtedness to the county was. They only wanted to know if they owed the \$2000 as stated; hence the ap pointment of the committee. He did not see any great advantage in having the jail here, although the \$1000 was offered on that coadition. The other indebtedness had nothing to do with the jail question,

Mr Moores was assured by the Mayor and all the Councillors that, whenever wanted, the \$1000 would be paid and when the present committee reported, steps would be taken to wipe out the town's indebtedness within two or three years.
