Carleton County S. S. Convention.

The 23rd session of the Carleton Co S S Convention opened in Forester's Hall, Debec, on Monday evening, 15th inst, at 7 30 o'clock.

There was a half hour devotional service led by Rev Mr Campbell.

The president, Rev A H Hayward, in a few appropriate remarks opened the convention, after which Rev Mr Miller delivered a warm address of welcome, and this was happily responded to by President Hayward. Miss Lucas followed in a telling address on "The relation of the Sunday School to the Home." Rev W J Rutledge then made a very effective address on "Why are we here." The president of the Prov Association, Rev F W Murray being present, was called on and responded in a capital speech. The collection and benediction brought to a close a largely attended, enthusiastic and instructive session.

TUESDAY MORNING SESSION.

President Hayward led the half hour devotional service at which a number of earnest prayers were offered interspersed by hearty congregational singing, Miss Lucas presiding at the organ.

The minutes of the previous session, given verbally by Bro S J Parsons, were confirmed.

The president appointed the following committees:

Nominating—C N Scott, H Hemphill, W L Tracey, J H Forrest, S J Parsons, Mrs S H Shaw, Mrs Speer.

Finance—J T Flemming, Mrs J A Shea.

Question—Rev A Lucas, S J Parsons.

Field Secretary Lucas now led a profitable conference on "Parish Association Work," first making brief reference to his visit to the International Convention. The points brought out by Mr Lucas were: 1st, A conference means that you and I are going to confer; parish association means an association of all the schools in the parish; it includes the whole area of the parish and signifies that no part should be neglected, Christ had to go where he was not wanted, and so we should not hesitate to push the Sunday School work even where there appears to be no desire for it; every school in the parish should have loving care; every day school district should be the object of care; the area of the parish means every family, every individual in it.

2nd. The purpose of the parish association was evangelizing; to make themselves efficient workers the officers should study the hand book; the committee meetings should be places for forming plans for work, plan properly, then work diligently; preparation for parish conventions should be made beforehand by the executive, so that a carefully prepared program might be presented.

3rd. The work of the association is to make more efficient schools, to secure new schools, to form normal classes, to establish systematic house to house visitation, to form Home Classes.

4th. The parish association is part of a systematic system of work—International, provincial, parish; the whole structure depends upon the character of its foundation, hence the necessity for the careful fostering of the parish organization; then it is a hand and glove system to aid the pastors.

The executive now submitted the following report, which was taken up and considered section by section and adopted, the following resolution bearing on the statistical section being first passed: "That this convention recognize the diligent service of the Secretary-Treasurer in preparing this statistical report, but whereas it is not full, it is earnestly requested that parish officers will aid the Secretary in making it complete before the last of the coming month of September."

REPORT OF EXECUTIVE.

OFFICERS AND FELLOW WORKERS,—

God's kind hand has guarded and His right arm protected us during the year and it is of His boundless mercy that we are permitted, so pleasantly, to gather in our Twenty-third Annual Convention. Let us "Praise God from whom all blessings flow."

The past year has been characterized, like its predecessors, by changes many and great, but through them, we are thankful to say, our organization has come without being seriously affected thereby; rather, let us hope, finding us occupying, in some degree at least, higher ground than when we entered upon it.

The President, Secretary, Bro Parsons and other members of the Executive have been enabled during the year to do an amount of visitation to individual schools as well as to parish conventions, the visits proving mutually helpful, and impressing the thought that this work of visitation is too important to be neglected by the Executive.

Carrying out the instructions given at the last convention, the Executive at once took measures to provide a superintendent for the Home Class, Normal and Primary Departments. They are pleased to be able to report that they succeeded in securing the following to fill the respective offices named, all of whom are interested workers and will, it is believed, make most effective officials: S. J. Parsons, Home; W. L. Tracey, Normal; Mrs. Fred. Burpee, Primary.

The Secretary-Treasurer has not been able to submit so satisfactory a report as he would wish, this through no fault of his own, but owing to the fact that so many of the schools, or officials whose duty it is to do so, have failed to make reports. This is an important matter and should not be overlooked; parish officers should feel obligated to have a full and correct statistical report of their schools in the hands of our Secretary in time for him to embody them in his yearly report. Vice-presidents should see that this duty is not neglected.

The Executive have held a good many meetings during the year, but they, as a rule, have not been very well attended by its members. The Executive is composed of persons living at distances widely apart, and it appears very difficult to secure even an approximately full attendance of them at the sessions of that body. It is worth considering whether it would not be better to lessen the number of the Executive, thus insuring better attendance at its meetings, and doing away with the labor and expense of sending out so many notifications.

The Executive desire to again direct attention to our Provincial Association, an organization which is proving so powerful for good, and through whose efforts the schools of this and every other section of the province are being so largely benefitted. It certainly continues to deserve the sympathy and support of all in the least interested in S. S. work. While the Executive believes that Carleton County should contribute generously toward the support of that institution, it is of opinion that the delegates from this Convention to the Provincial should be instructed definitely as to what that amount shall be.

The Executive cannot close this report without first reminding the convention of the important issue that is now before the country in the plebiscite vote that is to be taken on the 29th September. Upon the result of that vote depends the social, political, religious, moral and domestic welfare of the people, to what an extent, God alone knows. Let us see to it that we prove ourselves true to ourselves, our children, our fellows and our God, and by our prayers and our acts strive to make the moral victory a grand and conclusive one.

To avoid unnecessary expense, we include the statistical and financial report of the Secretary-Treasurer and the Executive report in one.

In the hurry of closing our last Convention the Secretary-Treasurer was unable to submit, as usual, a supplemental report showing the amounts paid in during the Convention. His account now appended shows the various amounts and the schools contributing the same:

Parishes.	Vice-Presidents.	No. of Schools.	No. Evergreen.	Officers and Teachers.	Scholars.	Total Attendance.	No. in Home Department.	No. in Normal Classes.	Average Attendance.

Praying that this 23rd session of the Convention, in honest purpose, earnest work and blessed results, may greatly excel any of its forerunners.

We are,
Yours in the Work,
THE EXECUTIVE.

On motion the hearing of the report of the Normal Superintendent was postponed till the afternoon session, to be then taken up under the head of unfinished business.

Adjourned with the benediction.

AFTERNOON SESSION.

This session was preceded by a Bible reading conducted by Rev A Lucas.

At 2.30 the president took the chair and after the minutes were confirmed the Normal Superintendent, W L Tracey, submitted the following report which on motion was received and a copy of the same ordered to be sent to the Provincial Superintendent of Normal Department.

REPORT OF NORMAL SUPERINTENDENT.

Mr President and fellow workers:

Another year has passed, and we the representatives of Sunday School work in the County of Carleton, are again assembled for the interchange of ideas and the recital of our individual experiences in the work. It becomes my duty and pleasure, as Co Normal Supt, to present my annual report of classes organized which is as follows:—

PARISH.	CLASS.	TEACHER.
Brighton	Hartland, R B	Miss A Tracey
"	" Union	Mr A Rideout
"	" *Bapt	Mrs G C Watson
"	L Brighton, R B	Mrs B Brown
"	Rockland	Mrs M Thornton
"	Windsor	Mr Faulkner
Woodstock	Methodist, town	Mr L E Young
"	R B "	Mr C N Scott
"	Benton	Mr M A Oulton
Northampton	Grafton, U	Mrs F H Hale
"	Northampton	Miss Clowes
"	Pembroke	Mrs N Phillips
Wakefield	Jacksonville, M	Mr C H Gray
"	Victoria Corner	Mr A Boyer
Richmond	Richmond Cor	....
"	Debec	Rev Mr Miller
Wicklow	Summerfield	Mrs B Smith
Simonds	Florenceville	Rev D Fiske

Total 18 classes.

You see Brighton parish leads in the number of classes, having six, and Woodstock and Northampton following with three each. Most of these classes have been organized this year, all I think but five, viz: Woodstock R B, the three at Hartland and one at Grafton. We notice that Wilmot, Kent, Aberdeen and Peel parishes are without classes. This should not and we trust will not long be so. A few have dropped the study for the summer, to them I would say "begin again as soon as possible."

It had been my experience to find some dropping out of the work after keeping up the study for some time. In most cases it was caused by the pupil's absence from class for a Sunday or two, and the losing of the thread of the lessons and then seeing the others in advance of him, he had gotten discouraged and given up. The moral in this is "never lose a lesson." There will be an examination given in about three weeks. Sept 7, for graduation. I know of many who propose to write the examination and I trust that the Car Co scholars may capture several gold seals as a result of earnest efforts put forth by the holders. As the report shows, there have been a greater number of classes organized in the lower parts of the county and in these classes there has been grand and faithful work, and in consequence rich and blessed results must follow.

This is more especially true of the larger and more central schools in the parishes from Simonds down.

We would not wish to think and indeed we could not truthfully say that only in those schools which have Normal classes, may be found the interested, energetic and progressive workers; but we believe that wherever a superintendent and his staff have not organized a class it has been due to a lack of knowledge either of the beauty and nature of the work itself, or of the means and methods to employ in its study. Now the organizing of new classes and the strengthening of old ones can be accomplished only by the personal visitations and explanations of some person thoroughly aroused and interested in the work, and possessing all necessary information. It has been my experience that very little can be done by letter writing. Within the last year I have written many letters to schools, which have abundant material for excellent classes, briefly explaining the working, plan, object and nature of the study, urging them to organize at once.

In many instances it was not until I could visit the school in person or have a talk with one of its representatives that the class was really organized. I was successful in organizing a class at each school and S S convention I was privileged to visit.

Being Supt as well as teacher in the Grafton Sunday school, where we have found abundant work for every available teacher, I have been unable to do the visitation which I see is so essential to the advancement of the work. However you have seen from my report of classes that I have done work within my reach as we have eight classes within a radius of six miles taking Grafton as the centre. In the light of all these facts I would recommend that a Supt who might be free from S S work in connection with any particular school, and who also has a horse at his command, be appointed to advance the work during the coming year. I have heartily enjoyed the work throughout the year, and it has brought me in closer touch with a *work* and class of workers, in which I delight. What work is more grand and more ennobling than the study of God's Word?

The grandest work on *earth* is "to prepare a soul for *heaven*." And I feel that in pushing the Normal study I am enjoying a blessed privilege to further the work of the Master.

Wherever classes have been organized the members have been greatly pleased with the study, and find the lessons so nicely planned, and arranged that they can easily remember the information obtained. Many after getting the book and after an examination of its contents have told me that they would not take five times its price and go without it. The work is spreading and reaching every part of the province. It was my privilege to organize a class at Grand Manan and those who wish to keep to the front in Sunday School work and keep pace with the best and most efficient schools, cannot afford to delay a month longer. Begin now and be ready for the graduation examination next September, 1899.

If we, the workers and teachers of "to-day" do our utmost in the next two years to promote the study of the Bible in our schools, we will enter the twentieth century with a grand army of trained teachers better equipped than ever before to advance Christ's cause and kingdom

WILLIAM L. TRACEY,
Co. Supt.

The question of appointing a reporter for the St John press being raised, Bro Fiske consented to send a report to the papers of that city.

An exceedingly interesting normal lesson was now given by L E Young, taking for his subject "The Temple." He used the blackboard to good effect, and altogether this lesson was one of the most practical items of the convention.

S J Parsons superintendent of the

HOME DEPARTMENT

reported verbally. He explained fully the object of the Home Class, its benefits and mode of working. He was not able to state the number of classes, or their standing, in the county, but intended giving it all the attention possible during the present year.

The report was adopted, with the added urgent hope of the convention that the work will be pushed during the year.

The next hour was given to Miss Lucas in which to consider the question of primary work After dwelling upon its importance, and the increased emphasis which was being laid upon its necessity by the leaders in S S thought, she introduced Mrs Cuthbert Clark who delivered the following admirable address:

MRS CLARK'S ADDRESS.

THE IMPORTANCE OF PRIMARY TRAINING.

The question may well be asked, "Why is Primary Training important?"

First, because it is the waxen age of the child's life. Impressions are very easily made at this time, and some one has wisely said the child is as wax to receive and marble to retain. Memories that stand out brightest, and are retained the longest are those of childhood. We all have met those old people who could accurately describe the occurrences of their early days who could not retain the passing events of later life.

Rome says: "Give me the children until they are twelve years of age, and after that you may surround them as you will but they are mine!"

Second, It is the age when the child is exclusively under your control. This does not include the relation with the Sunday School teacher, but simply in the home. As parents we should know the details of our children's lives, know their habits, know them in their work and in their play.

Some parents seem to think it all right if only the child is amusing himself, not too boisterously, and out of their way. They even send them to school so they need not be bothered with them. But let me say parents, whether at home or in school, whether at work or play, we should know our children even to the details of their lives and have them under our control.

Third, It is the age when character is really formed. True all our life is a school, where we should be under the training of the great Teacher; but our tendencies and habits are formed in childhood. As the twig is bent the tree is inclined, after surroundings and circumstances will doubtless lend their aid; but this fact is nevertheless true.

Infancy is a blank book in which the character is to be written. If we see that the first chapters contain only the true and the pure and the good the book is likely to continue so to the end; if on the other hand we fail to improve these opportunities, the Evil One with many agents will fill in the pages with the false and impure.

The child is being moulded. Its character *will* be formed and if *you* don't do it some other force *will*

Who does this "you" include?

(*Continued on Third Page*)

Honest Help Free to Weak Men.

THE CARLETON SENTINEL is authorised to state by Rev A H Macfarlane, Franktown, Ontario, that any man who is suffering from troubles resulting from overwork, excess or abuse, such as nervous debility, lost vigor, unnatural losses, lack of development, etc, can write to him in strict confidence and be instructed free of charge how to be thoroughly cured.

Knowing, to his sorrow, that so many sufferers are being imposed upon by unscrupulous quacks, this clergyman considers it his duty to give his fellow-men the benefit of his experience and assist them to a cure. Having nothing to sell, he asks for no money. Any man who sends for his advice, and follows it, can rely upon being cured. Of course only those actually needing help are expected to apply, enclosing a stamp.

Address as above and refer to THE CARLETON SENTINEL

Local & Foreign Items.

Keep Minard's Liniment in the House.

Nine-tenths of those returning from the Klondike are reported to be poorer in pocket than when they started Many are poorer in health and have barely enough money to reach their homes.

Dr Harvey's Southern Red Pine cures colds. Price 25 cents per bottle.

The world's third Sunday School convention at London, in mid July, was attended by 2300 delegates from all quarters, of whom at least 250 were from the United States, and one-fourth as many from Canada.

If the hair is falling out and turning gray, the glands of the skin need stimulating and color-food, and the best remedy and stimulant is Hall's Hair Renewer.

It is interesting to recall the fact that Anthony Trollope, the novelist, was one of the first Englishmen to speak up in favor of the United States annexing Cuba. This he did thirty-eight years ago.

For Dyspepsia

And Liver Complaint you have a printed guarantee on every bottle of Shiloh's Vitalizer. It never fails to cure. Sold by Garden Bros.

Two hundred and fifty-three saloon keepers have gone out of business in Chicago since July 1st. The war tax on beer is the cause. By the first of the year, the city collector says, 400 more dealers will close their doors.

Karl's Clover Root Tea

Is a sure cure for Headache and Nervous Diseases. Nothing relieves so quickly. Sold by Garden Bros.

The death occurred at Scarva, County Down, on the 25th ult, of the Queen's oldest subject Mr Robert Taylor, postmaster. Mr Taylor was about 120 years of age, and marched as a fifer at the head of his regiment from Scarva to County Dublin during the '98 rebellion.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All Druggists refund the money if it fails to Cure. 25 cents. —9m-20

On Monday of last week the heat in London rose to 87 degrees—not quite so high as it was in Paris the previous day, but it was aggravated by much greater sultriness. Before 2 p m, on Monday, 150 cases of heat prostration were admitted into the London hospitals.

Catarrh Cured,

Health and Sweet Breath secured, by Shiloh's Catarrh Remedy. Price 50 cents. Nasal Injector Free. Sold by Garden Bros.

Russia is the only country in the world without its Christian Endeavour Society.

Ask for Minard's Liniment and take no other.

A Natural Beautifier.

Karl's Clover Root Tea purifies the blood and gives a clear and beautiful complexion. Sold by Garden Bros.

A raffle for Bibles takes place every year in the Parish of St Ives, in Huntingdonshire. This quaint custom has been observed for 200 years.

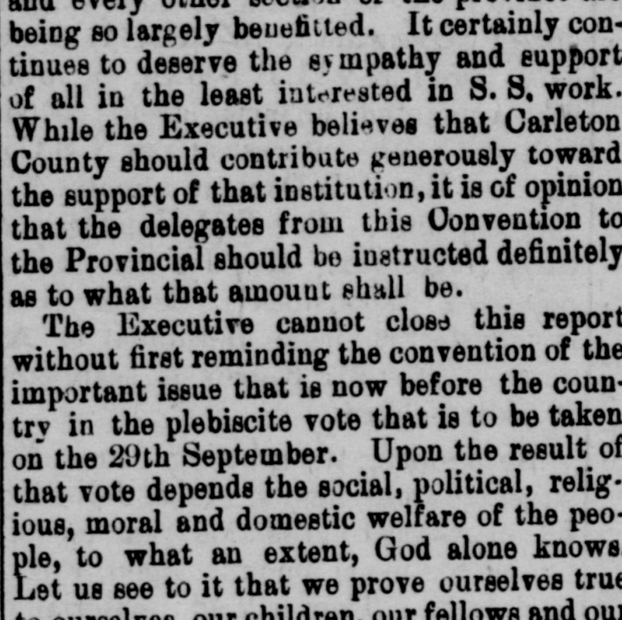
A second and final dividend, under a recent bankruptcy, in Devon, England, has been declared of fifteen-sixteenths of one penny on the pound; one creditor gets one penny.

The Toronto *Globe* virtually tells its readers and temperance people generally that if they wish the government to be quite sure to bring in a prohibition law they had better register a pretty large majority in its favor.

The Sultan of Turkey has built, at Mecca, the biggest house in the world. It is intended for the accommodation of pilgrims, and is capable of sheltering 6,000 persons. The next biggest house in the world is in a suburb of Vienna. It consists of 1500 rooms, 13 courts and 31 staircases, and accommodates 2,112 tenants.

Gaust is the smallest republic in the world. It has an area of one mile and a population of one hundred and forty. It has existed since 1648, and is recognized by both Spain and France. It is situated on the flat top of a mountain in the Pyrenees. It has a President who is elected by the council of twelve.

In one province of India, containing 24,000,000 people, there are only six missionaries of any church or society.



LAUNCHING THE LIFE-BOAT.

There are greater dangers than those of the angry sea. That dread disease—consumption, kills more men and women in a generation than the sea has swallowed up since the earliest history of navigation.

There is a sure and safe life-boat ever ready to be launched for men and women who suffer from this merciless destroyer. It is Dr. Pierce's Golden Medical Discovery. It cures 98 per cent. of all cases of consumption, bronchitis, asthma, laryngitis, weak lungs, spitting of blood and throat and nasal troubles. It acts directly on the lungs, driving out all impurities and disease germs. It soothes and heals the mucous membranes of the lungs, bronchial tubes, throat and nasal cavities. It restores the lost appetite, makes digestion and assimilation perfect, invigorates the liver, and purifies and enriches the blood. It fills the blood with the life-giving elements of the food that build new and healthy tissues. It tears down, carries off and excretes the diseased and half dead tissues upon which the germs of consumption thrive. It checks the cough and facilitates expectoration until the lungs are thoroughly cleared. It is the great blood-maker and flesh-builder. Unlike cod liver oil, it does not build flabby flesh, but the firm, muscular tissues of health. It does not make corpulent people more corpulent. Thousands have testified to their cure under this great medicine after they were given up by the doctors, and all hope was gone. An honest dealer will not suggest some inferior substitute for the sake of a little extra selfish profit.

A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. All medicine dealers sell them. No other pills are "just as good."

WANTED — Three Ladies to introduce a household work. Splendid returns to competent persons. J. GALLOWAY, Toronto.

Delicate children! What a source of anxiety they are! The parents wish them hearty and strong, but they keep thin and pale.

To all these delicate children Scott's Emulsion of Cod-liver Oil with Hypophosphites comes with the best of news.

It brings rich blood, strong bones, healthy nerves, and sound digestion. It is growth and prosperity to them.

No matter how delicate the child, it is readily taken.

50c. and $1.00, all druggists.

Women's Worst Enemy

Some hesitate before giving an answer, but those who know best will immediately say HEADACHE.

Thousands of women live in misery day after day, and week after week, suffering untold agony from these dreadful headaches. Husbands are disheartened, children neglected, and happy homes ruined. Most women strive to bear in patience the suffering which they consider part of life without looking into the cause or searching for relief. Food cannot digest without the bile which the liver supplies and hence the necessity of keeping the liver in good working order. To cure the headaches you must cure the liver and thus remove the cause of disease.

Dr. Chase spent years of his life in perfecting a medicine which acts directly on the kidneys and liver. Thousands of grateful women have testified during the past ten years to the effectiveness of this remedy for sick headaches. Many a home has been restored to happiness as a result.

Dr. Chase's Kidney-Liver Pills, the greatest discovery of this great scientist, are put up to sell 25 doses for 25c. All dealers.
